## EXPERIENCE

### Full Stack Developer — Qexle Technologies

04/ 2024 - Present

- Collaborating with cross-functional teams to design and implement innovative web applications.
- Utilizing technologies such as React, Node.js, MongoDB, and Express.js to enhance functionality and user experience.
- Contributing to the development of a tutor-student calling app, focusing on enhancing user experience through real-time communication and seamless integration of features, delivering a robust platform.

### MERN Stack Developer Intern — Dynamic Futuretech

01/ 2024 - 03/2024

Contributed to projects including the **Kids Learning App**, where I developed interactive quizzes and multimedia content using React Native, and the **WhatsApp Business Broadcaster**, a responsive platform built with MongoDB, Express.js, Node.js, and React.js.

### Software Developer Intern — MilestoneOS

06/ 2023 - 12/2023

Gained hands-on experience with various technologies, including JavaScript, HTML, CSS, Bootstrap, and React, through diverse tasks and assignments.

## PROJECTS

### Student Faculty Dashboard

A user-friendly platform designed for student, faculty, and admin access. Faculty members can schedule classes and assign courses, while students can view their classes. Built with MERN stack to ensure seamless navigation and functionality.

### BooksApp

React js-powered web application that simplifies book discovery, featuring search, filtering, saving, and customizable settings functionalities, all with a sleek Bootstrap interface.

## TECHNICAL SKILLS

- JavaScript
- HTML/CSS
- ReactJS, Redux
- NodeJS, Express
- MySQL, MongoDB,
- TailwindCSS, Bootstrap

## EDUCATION

**Bachelor of Technology(CSE)**— *Guru Gobind Singh Indraprastha University, New Delhi*

2018 - 2022

GCPA - 8.13/10

## CERTIFICATIONS

### Web Development— Internshala

Successfully completed an 8 weeks online training from Internshala .The training consisted of HTML/CSS/Bootstrap/ DBMS/PHP/JS/React and Project modules. I scored 74% marks in the final assessment.
