**Summary** — Front-End Developer with a strong foundation in creating responsive, user-friendly web interfaces. Proficient in modern web technologies and frameworks, including React, HTML, CSS, and JavaScript. Passionate about building scalable, efficient applications and enhancing user experiences through innovative front-end solutions.

## Technical Skills

**Frontend** HTML, CSS, JavaScript, React (Hooks, Router)  
**Backend** Node.js

**Database** MySQL  
**Other** Git, RESTful API Design

## Experience

### Cognifyz Technologies

Full Stack Development Intern

Oct 2024 – Nov 2024

Hyderabad, India

- Designed and developed a fully functional website during the internship, incorporating responsive design and user-friendly interfaces.
- Utilized HTML, CSS, JavaScript, React for frontend development, and Node.js with MongoDB for backend and database integration.
- Resolved complex technical challenges, ensuring optimized performance and seamless functionality.
- Worked collaboratively with the team to gather requirements, implement features, and conduct testing to deliver a high-quality product.

## Projects

### E-Note System

- Designed a responsive and user-friendly interface for the E-Note System using HTML, CSS, and JavaScript.
- Focused on creating intuitive layouts and ensuring accessibility across different devices.
- Collaborated with the backend team to integrate APIs for user authentication, role-based access, and data management.

### E-Commerce Site

- Built a responsive e-commerce front end using HTML, CSS, JavaScript and React, delivering a seamless shopping experience.
- Designed and implemented interactive features such as customer accounts, product filtering, and secure checkout workflows.
- Utilized React's state management to dynamically render product data and ensure efficient UI performance.
- Collaborated with backend APIs to fetch and display real-time product information and transaction statuses.

## Education

### Master of Computer Application (MCA)

Patliputra University, Patna

Oct 2020 – May 2023

GPA: 8.88

### Bachelor of Computer Application (BCA)

Purnea College, Purnea

July 2016 – Nov 2019

Percentage: 69%

## Training and Certifications

### Java Full Stack Training

Naresh i Technologies

July 2023 – August 2024

Hyderabad, India

- Learned front-end technologies like HTML, CSS, and JavaScript to build user-friendly interfaces.
- Gained hands-on experience with React for creating dynamic and interactive web applications.
- Acquired proficiency in Core Java and Advanced Java for back-end development.
- Developed skills in SQL for efficient database management and queries.
- Focused on end-to-end application development with modern tools and practices.
