SUMMARY

- 3 years of experience in developing web applications using Angular and Node.js with AWS infrastructure.
- Skilled in backend development with Node.js and experienced with database PostgreSQL.
- Experienced in resolving bugs and optimizing application performance.
- Solid understanding of the software development lifecycle, including requirements gathering, analysis, design, and development.
- Effective team player with a proven track record of mentoring and collaborating with team members.
- Strong problem-solving, troubleshooting, and communication skills, ensuring efficient project execution.

PROFESSIONAL HISTORY

- Integrated Elasticsearch to provide robust indexing and search functionalities.
- Managed regular Linux server deployments and S3 bucket management.
- Good knowledge of writing scripts for data migration and handling servers.

March 2022 – PRESENT

FULL STACK DEVELOPER, INFOSYS LTD.

Project: Meridian Meet

Role: Frontend and Backend Developer.

Environment: Angular, Node JS, PostgreSQL.

Key Result Areas: It is a collaborative application. Where we can connect with peers with features screen sharing, Meeting recordings, etc. Developed framework integration with Microsoft Graph APIs to enable seamless Teams functionality. Led the upgrade to the new version, improving [specific benefit, e.g., performance, security, features].

January 2023 – PRESENT

FULL STACK DEVELOPER, INFOSYS LTD.

Project: GNO.

Role: Frontend and Backend Developer.

Environment: Angular, Node JS, PostgreSQL.

Key Result Areas: It is a survey application. Where we can create a survey for many members and measure the respondent's answers by featuring dashboards, NPS Scores, etc. Led the upgrade to the new version, improving [specific benefit, e.g., performance, security, features]

EDUCATION

- B. Tech (Civil engineering): 6.36 CGPA – 2016-2021
- Board of Intermediate Education: 76% - 2014-2016
- Board of Secondary Education: 9.3 GPA - 2013-2014

SKILLS

- **Technologies:** Node JS, JavaScript, TypeScript, Python Scripts
- **Tools:** VS code, JIRA, GIT
- **Operating Systems:** Windows, Linux
- **Frame Works:** Angular, Express JS
- **DevOps Tools:** Linux Deployments
- **Databases:** Elastic search, Postgres SQL
