PROJECTS

MARKETCUBE (10/2020 - 11/2022)

- MARKETCUBE is a tool that helps businesses create online marketplaces, like Amazon or Airbnb.
- Integrated with major e-commerce platforms including Shopify, WooCommerce, and Magento for seamless operation.
- Supported various marketplace models such as dropshipping, consignment, click-and-collect, and hybrid retail.

JK Tyre (12/2022 - 03/2023)

- Developed and deployed APIs for a maintenance app used in manufacturing plants to streamline equipment audits and maintenance. Created checklists for machine audits, enabling quality auditors to submit reports and generate maintenance insights.
- Utilized Node.js, Express.js, MongoDB, Docker, and AWS to ensure efficient data handling and deployment.

Performance Management System (04/2023 - Present)

- Proficient in designing and implementing performance management systems, driving organizational productivity and enhancing employee performance.
- Skilled in goal-setting, performance evaluation, providing feedback and coaching, and conducting data analysis to inform decisions.

EDUCATION

B.Tech/B.E.(Computers & Science) Galgotias University

08/2016 - 07/2020

Greater Noida
