SUMMARY

Results-oriented Back-End Developer with 1 year of experience in designing and implementing robust and scalable web applications. Proficient in programming languages such as Java, node.js, express.js with a strong understanding of database management and API integration. Committed to delivering high-quality code and collaborating with cross-functional teams to drive project success.

EXPERIENCE

Back-End Developer

McKinsol Consulting Inc.

February 2023 - Present, Noida . UP

- Engineered a robust and scalable server-side application, integrating RESTful API services that handled over 50,000 transactions per day, ensuring high availability and optimal server response times.

Backend Developer Intern (Node.js)

FunctionUp

January 2022 - June 2022, Remote

- As a Node.js Backend Developer Intern, you will have the opportunity to gain hands-on experience in building robust and scalable server-side applications. This internship is designed for individuals with a passion for backend development and a strong foundation in Node.js, Solid understanding of JavaScript and proficiency in Node.js development, Familiarity with backend frameworks such as Express.js, Basic knowledge of databases (MongoDB, MySQL, etc.) and database design, Understanding of RESTful API design principles, Experience with version control systems, such as Git, Strong problem-solving and analytical skills.

PROJECTS

Rezumy Server

McKinsol Consulting Inc. • November 2023 - December 2023

- Collaborate with a cross-functional team to design and implement frontend and backend features. Implement responsive and visually appealing user interfaces using React.js Develop secure and scalable backend services using Node.js and Express.js.

Chobani

McKinsol Consulting Inc. • October 2023 - October 2023

- Collaborate with cross-functional teams to understand business requirements and translate them into SAP BTP and CAP solutions. Design and develop cloud applications adhering to best practices and standards. Ensure seamless integration between various SAP BTP services and existing systems. Conduct regular assessments and optimizations to enhance the performance and scalability of the implemented solutions.

UPHARMANY

McKinsol Consulting Inc. • August 2023 - October 2023

- Node.js: Use Node.js to build the backend server. You can leverage frameworks like Express.js to simplify routing and middleware handling.
Database:
Choose a database system (e.g., MongoDB, MySQL, PostgreSQL) based on your project requirements. Additional Node.js libraries/modules: Use npm to install and manage additional libraries or modules needed for your project, such as authentication middleware, request handling, etc.

EDUCATION

Bachelor of Computer Applications.

FUTURE INSTITUTE OF ENGINEERING & TECHNOLOGY, BAREILLY Affiliate MJPRU Bareilly. • BAREILLY • 2022 • 7.5

12th

Minor in P.C.M • G.I.C. Inter College, Shahjahanpur (UP BOARD) • SHAHJAHANPUR • 2019 • 71

10th

O.C.F. Inter College, Shahjahanpur (UPBOARD) • SHAHJAHANPUR • 2016 • 66

CERTIFICATIONS

SAP Certified Development Associate - SAP HANA Cloud 1.0

SAP • 2023

- Certificate URL-<https://www.credly.com/badges/70f97a97-5ea6-4d9a-a9ee-388eb40512e3>

SKILLS

JavaScript, Node.js, express.js, MongoDB, Payment Gateway, Git, GitLab, SAP BTP, CAP, ODATA service, SAP HANA database, Sequelize, [ORM](#) , REST API,
