Pune,India

in https://www.linkedin.com/in/chintan-marvaniya

A Full Stack Developer with over 3 years of experience, proficient in javascript, typescript, nodeJS, and Angular. Skilled in designing scalable, high-performance applications and collaborating with cross-functional teams to deliver innovative solutions. Seeking to utilize strong technical expertise and problem-solving abilities in a challenging and dynamic environment.

## Professional Experience

#### Infosys System Limited, Digital Specialist Engineer

- Collaborated closely with cross-functional teams to comprehend business needs and devise technical solutions.
- Crafted interactive and responsive user interfaces using HTML, CSS, JavaScript, and frameworks like Angular and NodeJS for optimal performance and seamless experiences.
- Architected and deployed Restful APIs in Nodels to facilitate efficient data storage interactions.
- Facilitated code reviews, conducted rigorous testing, and debugged code to ensure the delivery of topnotch software solutions.
- Strengthened performance by diminishing configuration processes by 30%, thereby streamlining operations and bolstering efficiency.

#### Persistent System Limited, Software Developer Intern

|an 2022 – |un 2022 | Pune

Aug 2022 - present | Pune

- Worked on Java track.
- Was trained on Java, Spring Boot, Spring micro-services and had hands on experience to work on their in house project using same Spring microservices.
- Maintained a robust codebase with a focus on scalability, performance, and maintainability.

### Skills

HTML | CSS | JavaScript | Typescript | Angular | Bootstrap | NodeJS | ExpressJS | MongoDB | React | Redux | NPM | REST APIs | Web Development | C/C++ | SQL | Git/GitHub | OOPS | DBMS | Data Structure and Algorithum | JIRA Confluence | Agile Software Development | Scrum Methodology | Problem Solving | Grunt

## Projects

#### PlayStream, NodeJS, MongoDB, Angular

- Developed a video streaming application with a dynamic home screen showcasing a catalog of movies and detailed information for each selection.
- Implemented a video streaming feature using libraries like FFmpeg for encoding and streaming, and socket.io for real-time connection management, ensuring seamless playback from server-stored content.
- Designed an interactive UI with Angular and integrated nax-player for a responsive and user-friendly video player, delivering a smooth viewing experience across devices.
- Optimized backend performance with Express.js, utilizing multer for media file handling and MongoDB for scalable movie metadata storage, enabling fast retrieval and efficient streaming.

#### Chat Bridge, Node/S, MongoDB, Angular, Socket.io

- Engineered a real-time chat application using the MEAN stack (MongoDB, Express.is, Angular, Node.is), facilitating instant messaging and seamless user communication.
- Implemented WebSocket for real-time data transfer, significantly enhancing application responsiveness and user engagement.
- Designed and developed a responsive, intuitive interface with Angular, delivering a consistent user experience across desktop and mobile devices.
- Built a scalable backend with Node.js, Express.js, and MongoDB, optimizing performance through RESTful APIs and WebSocket integration, achieving a 30% reduction in latency.

#### **NovaDeals**, (MongoDB, Express.js, Angular, Node.js)

- Developed a robust e-commerce platform using the MEAN stack and role-based access control for users and sellers, including secure authentication and authorization mechanisms.
- Implemented advanced product browsing features with Angular, enabling category-based filtering, price range adjustments, and keyword search for an enhanced user experience.
- Integrated Stripe with Node.js for secure payment processing, automating order placement, and triggering email notifications using Nodemailer upon successful transactions.
- Designed a seller dashboard with Angular to manage product listings, track orders, update order statuses, and display shop analytics.

## Courses and Certification

#### Employability Skill Development (ESD) Training, Zensar Technologies Limited

• Employability Skill Development training for industry standards and

the professional approach of the following skill set: - Oracle database, Java 8,

Infosys Certified Angular Professional, Infosys System Limited

Infosys Certified NodeJS Professional, Infosys System Limited

Infosys Certified Frontend Web Developer, Infosys System Limited

Infosys Certified MongoDB Professional, Infosys System Limited

## **Q** Awards

**Insta Awards**, Infosys System Limited Acknowledged by management for unwavering dedication and commitment to deliver high-quality work.

#### **Certificate of Appreciation**, Viasat

Received commendation from the client for impactful contributions to project Delivrables.

# Education

**Bachelor of Engineering In Computer**, Sandip Institute of Technology and Research Centre, Nashik

2018 – 2022 | Nashik
