EXPERIENCE

2023 - Present

Punjagutta, Hyderabad

Full Stack Developer

LMVIT Solutions Pvt

LMVIT Solutions is a technology solutions provider specializing in software development, IT consulting, and digital transformation services. LMVIT helps businesses optimize operations, enhance security, and drive growth through innovative technology and strategic expertise.

- Led the end-to-end development of an insurance platform, utilizing React for front-end and Node.js for back-end, to deliver a seamless, responsive user experience across devices.
- Engineered secure user authentication and implemented role-based access control (RBAC) to safeguard customer, agent, and admin accounts, ensuring data privacy and regulatory compliance.
- Designed and improved comprehensive admin dashboards for efficient policy management, claims tracking, and reporting, resulting in a 50% increase in operational efficiency for internal teams.

PROJECTS

LMV Insurance

2023 - Present

Developed an Insurance platform for customers to purchase, manage, and update policies. Included a customer dashboard for browsing plans and viewing active policies, and an admin dashboard for full policy management.

- Build a comprehensive travel insurance module allowing customers to browse, select, and customize insurance plans. Features included real-time pricing, quote generation, policy customization and secure payment integration via third-party gateways. Ensured seamless user experience and compliance with regulatory standards.
- Developed a user-friendly dashboard allowing customers to view and manage active policies, track claims, and update personal information. Features included policy renewal notifications, claim status tracking, and seamless navigation for policy adjustments and document uploads.

ECommerce Website

<https://kidsgarage.netlify.app>

- Utilized ReactJS for building a dynamic, interactive, and responsive user interface that ensures a seamless and engaging experience across all devices.
- Used to build a fast, scalable backend with Node.js for handling API requests, managing user authentication, and executing business logic.
- Integrated Stripe for secure and seamless payment processing, enabling customers to complete transactions using various payment methods with confidence.
- Designed and implemented MongoDB-based solutions to manage and store product and customer data, ensuring fast retrieval and efficient queries.

EDUCATION

2019 - 2022

Visakhapatnam

Bachelor of Engineering

Andhra University

PERSONAL SKILLS

Collaboration & Teamwork

Effective team player with a collaborative approach to problem-solving and project execution in cross-functional teams.

Communication Skills

Strong reading and writing skills, with the ability to convey information to both technical and non-technical audiences.

KEY ACHIEVEMENTS

Best Performer Award

Recognized for outstanding contributions in developing and finalizing the customer and admin dashboards for the insurance application, enhancing user experience and improving operational efficiency.
