ABOUT ME

Enthusiastic Full Stack Developer with proficiency in Vue.js, React.js, and Node.js. Proven track record in developing high-quality web applications. I excel in agile teams and am known for my rapid learning ability and strong problem-solving skills, having successfully tackled over 100 data structure and algorithm problems on **LeetCode**. Eager to further grow my technical expertise and contribute to innovative projects.

SKILLS

- **Programming Languages:** JavaScript, C++ , C, Python
- **Front-End Technologies:** HTML, CSS, JavaScript, Vue.js, React.js, Nuxt.js, Material-UI (MUI)
- **Back-End Technologies:** Node.js, Express.js
- **Databases:** MySQL, MongoDB
- **Tools & Platforms:** Git, Docker(Familiar)

EXPERIENCE

Full Stack Developer, Koyal Technologies   *Dec 2023 - Present*

Project Name: TMC

- Developed a web application for property tax collection across 70 counties in Oklahoma.
- **Ditto Implementation:** Developed a "Ditto" feature to enhance user experience using Vue.js, enabling users to duplicate property records efficiently and streamline data entry processes.
- **PDFCreation:** Implemented functionality to generate PDF documents for tax reports and official paperwork using JavaScript libraries, enhancing the system's ability to produce and manage essential documents.
- **BackendDevelopment:** Utilized Node.js and Express.js for server-side development, and integrated GraphQL to enhance data querying and retrieval.
- **CodeRefactoring:** Improved performance and maintainability through comprehensive code refactoring, contributing to a scalable application.

Project Name: TC

- **Frontend Development:** Built and enhanced medical websites with Nuxt.js and Vue.js, focusing on adaptive design and industry best practices.
- **Eligibility Verification:** Developed and implemented features to assess patient eligibility through an Eligibility Questionnaire, focusing on performance and user experience.
- **User Interface Development:** Collaborated with the design team to build adaptive, user-friendly web pages, applying best practices in front-end development for an optimized enrollment process.
- **BugFixing:** Identified and resolved frontend issues, enhancing application stability and performance.

CERTIFICATIONS

- Certificate in Database management system - NPTEL
- Full stack web development - Grras solution.

EDUCATION

Bachelor of Technology (Computer Science)   *Aug 2019 - June 2023*
Arya College Of Engineering and IT   **CGPA 8.5**

Class 12th - CBSE   *2018 – 2019*
Maharani Kishori Devi Girls School   **Percentage - 78.2%**
