ACHIEVEMENTS

Tracking (Certificate by Uttarakhand Government) 🔗
Uttarakhand Government
Challenged to achieve a significant milestone, dedication and consistency were my guiding principles. Despite facing obstacles, relentless practice became my mantra. Through this journey, the power of consistency emerged as a valuable lesson. Recognition came in the form of a certificate bestowed by the Uttarakhand Government, affirming the journey towards excellence

PROFESSIONAL SUMMARY

Well-trained in HTML, CSS, JavaScript, React, Redux, PHP, and MERN, a collaborative team player dedicated to meeting goals and committed to creating unique products as a full-stack web developer

PROJECTS

1. Aéropostale-Clone | ⊕ | ⦿
JavaScript | React | Redux | Git | Node.js | Express.js | MongoDB | RESTful APIs | HTML5 |
Responsive Web Design
- Collaborative project focused on building a clone of the Aéropostale website
- Utilized JavaScript, React, Redux, and HTML5 to create a responsive and visually appealing user interface
- Implemented functionality for login/signup, pricing page, landing page, and product page
- Took responsibility for backend development and effectively managed the project's GitHub repository
- Worked collaboratively in a team of 4, making medium contributions to the project

2. Bath-BodyWorks | ⊕ | ⦿
JavaScript | React | Redux | Git | HTML5 | CSS3
- Developed a responsive web application using React and Redux for the e-commerce platform Bath-BodyWorks.
- Implemented various features such as user authentication, product listing, and shopping cart functionality.
- Utilized HTML5 and CSS3 to create visually appealing and user-friendly interfaces.
- Utilized Git for version control and collaborated with a team of developers to ensure smooth integration of code.
