- Enhanced the user interface using the **Material-UI** framework ensuring a responsive and user-friendly experience across desktop, tablet, and mobile devices, while also ensuring compatibility across multiple browsers.
- Have experience in writing new test cases for every feature and UI changes in **playwright**, and **screenshot testing**.
- Debugged and resolved critical system bugs and upgraded the application from **Angular 9 to Angular 15**, optimizing performance and compatibility.
- Reviewed PR and technical design documents and provided meaningful feedback.

### MakeMyTrip | QA Engineer

Gurugram | August 2022 - May 2023

- Enhanced the **Wallet payment system** in the My Partner funnel, improving transaction efficiency.
- Created detailed, comprehensive, and well-structured test plans and test cases.
- Developed comprehensive test plans for thorough coverage.
- Coordinated quality testing activities to meet project deadlines.

## PROJECTS / OPEN-SOURCE

---

### ChitChat App | [Link](#)

*ReactJS, Node.js, MongoDB, ExpressJS, JavaScript, TailwindCSS*

- Created a real-time chatting application with a responsive and intuitive UI.
- Used **Socket.io** for seamless real-time communication between users.
- Managed user data and chat history with **MongoDB**, ensuring efficient data retrieval.
- Integrated **GoogleAuth** for secure and easy user authentication.

### Sociopedia | [Link](#)

*ReactJS, Node.js, MongoDB, ExpressJS, JavaScript, Redux*

- Developed a highly interactive social networking application for social enthusiasts.
- Built the user interface with **React.js** and **Material-UI**, ensuring a responsive design.
- Integrated backend services using **Node.js** and **Express**, with **MongoDB** for data storage.
- Implemented **JWT-based authentication** for secure user interactions.

## EDUCATION

---

**Ganeshi Lal Bajaj Institute of Technology & Management, Mathura**  
**Computer Science and Engineering Bachelor of Technology**  
GPA: 7.5

Mathura  
May 2018 - May 2022

## CERTIFICATIONS

---

- Backend | **Node.js - Coding Ninjas**
- Frontend Development - **Coding Ninjas**
- Data Structures and Algorithms - **Coding Ninjas**
