SUMMARY

Full Stack Developer with 3 years of experience in MERN stack development. Skilled in Node.js, SQL/NoSQL, JavaScript, ReactJS, TypeScriptJs & NextJs. Proven ability to manage large-scale software deployments and enhance system performance. Seeking to leverage my skills in a dynamic Full Stack Developer role.

PROJECTS

VidStream

<https://vid-stream-client.vercel.app/>

- A video streaming platform enabling users to post, watch, like, and save videos for later viewing.
- Implemented functionalities allowing users to like videos and maintain a history of watched videos.
- Enhanced user experience with features for saving videos to watch later and tracking viewing history.
- Implemented robust backend services for video storage, streaming, and user interaction logging.
- Engineered a database schema to efficiently handle user activities, video metadata, and interaction history.

Assure You

<https://assure-you-new.onrender.com>

- Created user-friendly interfaces for seamless online shopping experiences, ensuring intuitive navigation.
- Integrated secure payment gateways to facilitate smooth transactions, enhancing customer trust and satisfaction.
- Developed robust backend systems for efficient inventory management, order processing, and customer relationship management.
- Utilized technologies such as MaterialUI, Redux, and React.js for frontend development, enhancing website interactivity and responsiveness.
- Leveraged Node.js and Express.js for scalable and efficient server-side development, ensuring high performance and reliability.

EXPERIENCE

MERN Full Stack Developer

[Worldsoft IT Solution Pvt. Ltd](#) 01/2022 - Present Bhopal

- Developed and managed databases using Node.js and both SQL and No-SQL technologies
- Designed and built app solutions with JavaScript, React.js, CSS, and HTML
