Education

Guru Gobind Singh Indraprastha University	2024
Bachelor of Science in Computer Science	*Delhi, India*
Class 12	2020
C.B.S.E.	*Delhi, India*

Professional Experience

Aieze Vertex Pvt Ltd.	October 2024 – Present
Software Engineer (Node.js)	*Noida, Uttar Pradesh*

- Developed and implemented a microservices architecture with Node.js and Express, enhancing API response time by 25% and reducing server load by 30%.
- Led a team to develop a secure, scalable back-end using Node.js and MongoDB, enhancing user data protection through encryption measures and reducing security incidents by 50%.
- Optimized MySQL database queries, reducing page load times by 15% and enhancing overall application performance.

Mobiloitte Technologies Pvt Ltd	June 2024 - October
Software Developer Trainee (MERN Stack Developer)	*New Delhi*

- Developed and maintained web applications using the MERN stack, improving application performance and user engagement by 20%.
- Implemented RESTful APIs, reducing response times by 30% and enhancing data consistency between systems.
- Collaborated with senior developers to troubleshoot technical issues, increasing the overall stability of the applications.

PROJECTS

E-Commerce Application - Shopee │ *React.js,Node.js, Express.js, Mongo DB, API Fetching*

- Created a dynamic and responsive website utilizing HTML, CSS, JavaScript, Bootstrap, Node.js, and MongoDB to facilitate convenient and efficient search and purchase of goods online from remote places.
- Implemented robust back-end functionalities using Node.js and MongoDB for seamless data management, ensuring smooth retrieval and display of relevant product listings based on user search.
- Executed the integration of PayPal Braintree, allowing users to choose between credit/debit cards and PayPal; streamlined the checkout process, resulting in a 30% increase in transaction speed and overall user experience.

Blog website │ *Firebase, MongoDB, API Fetching, Tailwind CSS, React.js, Node.js*

- Designed and developed a blog application, incorporating React.js Router DOM for dynamic page navigation.
- Implemented robust authentication using JSON Web Tokens and Google OAuth integration, managed by Redux Toolkit for seamless state management.

TECHNICAL SKILLS

Frontend:HTML, CSS, Javascript, Bootstrap, React.js
Backend: Node.js, Express.js
Database: MongoDB,SQL, PostgreSql
Programming Languages: JavaScript
Software Tools: Vs Code
Version Control: Git
Cloud: Amazon Web Service (A.W.S)

Certifications

The Complete 2024 Web Development Bootcamp::HTML, CSS, Javascript, Bootstrap, React.js
AWS Cloud Technical Essentials: Coursera 2023
Java Data Structures and Algorithms: UDEMY 2024
