Role: Node.js Backend Developer | MERN Stack Developer

Professional Summary:

Dynamic and results-driven Backend Developer with over 1.5 years of specialized experience in Node.js, Express.js, and MongoDB. Adept at full-stack MERN development, with a proven track record in designing, developing, and deploying high-performance RESTful APIs. Skilled in database management across both SQL (MySQL, PostgreSQL) and NoSQL (MongoDB, Redis) environments, and proficient in the integration of third-party services.

TECHNICAL SKILLS:

- **Technology:** JavaScript, TypeScript, ORM, Node.js, Express.js, React.js, MongoDB, MySQL, PostgreSQL, Redis
 - **Tools:** VS Code, Git, PM2, Postman
 - **Version Control:** Git, GitHub
-

ACHIEVEMENTS:

- **Certification:** Completed "The Complete 2024 Web Development Bootcamp" by Udemy
 - **Problem-Solving:** Solved 100+ technical questions on LeetCode
 - **Competitive Coding:** Gold Medalist in Kashi Codo War from KIT Varanasi Campus
 - **Performance Optimization:** Improved application performance by 30% through code optimization
-

Professional Work Experience

McKinsol Technologies, Noida, India

May 2023 – Present

Role: Backend Developer

- **Project: IDMX (Intelligent Data Migration Express)**
 - Spearheaded the development and maintenance of high-performance, secure RESTful APIs, processing over 1,000 requests per minute.
 - Led a team in coordinating and integrating services with the frontend, managing both **relational and non-relational databases**.
 - **Integrated third-party SAP services into the Node.js server**, ensuring seamless operation and security.
 - Deployed **PM2** for process management on **Linux** servers.
 - **Project: TimesOfPeople / McKinsol Website**
 - Architected and designed databases and data models, leading to the creation of efficient **REST services using Node.js**.
 - Developed and maintained **REST APIs**, ensuring seamless communication between the frontend and backend.
 - Conducted comprehensive performance analysis and implemented optimizations that improved application performance by 30%.
-

TRAININGS/COURSES:

- **Web Development:** Internshala Trainings, Online, Sep 2022 - Nov 2022
 - Completed an 8-week online certified training covering HTML, CSS, Bootstrap, DBMS, PHP, JS, React.
 - Scored 76% in the final assessment.
 - **MERN Stack Development:** The Complete 2024 Web Development Bootcamp, Udemy (August 2024) ○
 - Completed a comprehensive course on full-stack web development covering MongoDB, Express.js, React.js, and Node.js. (Instructor: Dr. Angela Yu, Developer and Lead Instructor)
-

EDUCATION:

Bachelor of Computer Applications

(Kashi Institute of Management And Science, Varanasi, 2020 – 2023)
