PROFILE

2 years of experienced NodeJS Developer, proficient in designing and implementing scalable applications with a strong emphasis on code quality and maintainability. Eager to tackle innovative projects, expand skills, and contribute to cutting-edge solutions. Ready for fresh opportunities that broaden horizons and drive success.

EXPERIENCE

Backend Developer June 2022 – Present
ITH TECHNOLOGIES *Kanpur, India*

- Streamlined software development process as a core backend developer by collaborating closely with the development and testing team to identify and resolve issues
- Optimized the codebase and improved performance of Recruin ATS , JobBoard panel by 80%
- Implemented referral systems, robust authentication and authorization systems across multiple platforms including BrainAlive (500K+ users), Recruin (90K+ users), TDX Launchpad (50K+ users) and Coinbuck (400K+ users).
- Integrated 10+ third party platforms including Google Calendar for seamless interview scheduling; Youtube, Twitter, Telegram and Github for users data retrieval.
- Managed staging servers and led a team of 3+ developers, ensuring a smooth and efficient development process.
- Implemented specialized cron jobs for seamless fund release of 400K+ users in their wallets.
- Handled data migration from SQL to MongoDB of 200K+ users.   through effective collaboration and communication.
- Projects: Recruin — CoinBuck — TDX Launchpad — BrainAlive — Bizthon — ONDM

NodeJS Intern Feb 2022 – Jun 2022
ITH TECHNOLOGIES *Kanpur, India*

- Expanded system capabilities and improved service quality by creating RESTful APIs using ExpressJS and NodeJS.
- Enhanced system accuracy and reduced bugs by resolving multiple application issues, resulting in a 40% decrease in bug reports.
- Implemented OAuth Strategies for Google, Github, LinkedIn, Twitter.

TECHNICAL SKILLS

Languages: JavaScript, C/C++, Python, HTML/CSS
Frameworks and Libraries: Node.js, Express.js, ReactJS, PM2, Redis, Socket
Database: MongoDB, SQL
Tools and Technologies: Git, Bitbucket, Google Cloud Platform, VS Code

EDUCATION

Institute of Engineering and Technology Lucknow, India
Bachelor of Technology, Computer Science and Engineering (8.5 CGPA) *May. 2018 – May 2022*

Mahrshi Arvind Shikshan Sansthan Chandauli, India
Senior Secondary (Mathematics) (91.2%) *May 2016 – May 2018*

AWARDS AND ACHIEVEMENTS

Awarded as Most Promising Newcomer in ITH Technologies (Dec 2023)
Awarded as Rising Star in ITH Technologies (Dec 2022)
Solved 300+ problems on various coding platforms.
Certification on Developing Soft Skills and Personality from IIT Kanpur (Aug-Oct 2018)
Certification on Ethics in engineering practices from IIT Kharagpur (Jan-Mar 2019)
