[I'm Divya Soni, a dedicated Associate Fullstack Developer at **Cheersin Interactive pvt. Limited, Mumbai** specializing in React.js, Node.js., JavaScript of professional experience, I have successfully delivered projects that leverage my skills and knowledge in web development. I am passionate about creating efficient and scalable applications that solve real-world problems. My focus is on building robust applications using Node.js and React.js, along with proficiency in front-end and back-end technologies.]

EXPERIENCE

[28/08/2023] – [Currently Working]

Associate Fullstack Developer – Cheersin Interactive Pvt. Limited

- Working with developer team and creating variety of features and modules in our existing application which is internally used by all employees in the organization.
- Develop and integrated various modules like leave and attendance, OKR (rating based on performance), Onboarding of employees etc. in the same application.

[3/01/2022] – [28/07/2023]

Software Developer – Lucent Innovation

- Creating eCommerce platforms which provides tools to help you increase sales by offering deals to customers to attract them to the store which you can reward the customers using the rewards program in the app.
- Build customer relationships with loyalty incentives, deals of the week and more
- Allow your customers to re-order what they've already purchased or run campaign
- Import reviews with images from other platforms and customers leave new ones.
- To enhance customer loyalty, empower the customers by providing them with a medium to express their thoughts on the product using reviews, and then analyze those reviews to make a better product, resulting in an increase in revenue.
