SUMMARY

Node.js Developer with over 1 year of experience at Oceonic IT Solution, specializing in scalable backend applications using Node.js, Express.js, and MongoDB. Skilled in RESTful API design, JWT authentication, and DevOps tools like Docker and Kubernetes. Passionate about optimizing performance and delivering efficient, innovative solutions.

WORK EXPERIENCE

Node.js Developer | Oceonic IT Solution Pvt Ltd, India January 2024 – Present

- Developed and maintained scalable backend systems using Node.js and Express.js, supporting seamless frontend integration.
- Designed and deployed RESTful APIs with JWT-based authentication, improving security and usability.
- Optimized database queries and API performance, boosting system efficiency by 30%.
- Implemented unit and integration tests with Jest, ensuring 90%+ code reliability.
- Streamlined deployments using Docker, Kubernetes, and GitHub Actions, reducing setup time by 40%.

PROJECTS

Notebook Application

- Created a full-stack note-taking app with Node.js, Express.js, and MongoDB, optimizing APIs to cut response times by 20%.
- Deployed via Docker and GitHub Actions, enhancing CI/CD efficiency by 35%.

Food Ordering Platform

- Built a backend for a food ordering app using Node.js and Express.js, integrating payment gateways and an admin panel.
- Reduced API load times by 25% through query optimization and caching.
- Containerized deployment with Docker Compose, improving scalability.

EDUCATION

Kalinga University, Raipur | Graduated 2024

Bachelor of Computer Applications (BCA)

ADDITIONAL INFORMATION

Technical Skills

- **Backend:** Node.js, Express.js
- **Frontend:** React.js
- **Databases:** MongoDB, PostgreSQL
- **DevOps & Cloud:** Docker, Kubernetes, AWS, GitHub Actions
- **Tools:** Jest, Postman, VS Code
- **CI/CD:** GitHub, Version Control
