PROJECTS

ONLINE PARENTS ALERT SYSTEM (PAS)

📅 04/2018 - 05/2019 📍 Thanjavur

PARENTS ALERT SYSTEM (PAS)

- The wireless technology is the most interesting technology in the ICT. To protect the teenage and children to be engaged in such environment and crimes aim to keep them away. The study aims to design a web-based attendance system to help the teacher and parents to control the students if they absent from the college campus. Get the attendance information of the students and the second one is to send SMS to the parents if their son/daughter is absent to alert them. The adapted methodology comprises five steps: awareness the problem, suggestions, development, evaluation and conclusion.
