Kangra, HP 176001 | 8350805595 | mkmani1599@gmail.com

## Professional Summary

I'm a skilled React Native developer with a proven track record of creating high-performance, cross-platform mobile applications. My expertise in JavaScript, React, and native modules enables me to build responsive, feature-rich apps that function seamlessly on both iOS and Android platforms. I am dedicated to delivering clean, maintainable code and ensuring a smooth, engaging user experience. Let's bring mobile app idea to life and help you reach a broader audience with React Native.

## Accomplishments

- Earned first place in the machine round during industrial training, highlighting problem-solving abilities and a strong grasp of practical engineering concepts.
- Secured 2nd place in Western Dance Group at Rayat Bahra university Techno Virsa (2019), showcasing creativity and technical excellence.
- Achieved 2nd place in RBU Cricket tournament, contributing to the team's success with consistent performance in cricket.

## Skills

- |                              |                               |
|------------------------------|-------------------------------|
| • Java script                | • Knowledge of typescript     |
| • UI and UX design skills    | • Good R&D                    |
| • RESTful API Integration    | • State management libraries  |
| • Understanding of REST APIS | • Android and IOS development |
| • Debugging                  |                               |

## Work History

**React Native Developer** 05/2022 to Current

**SachTech Solution Pvt. Ltd.** – Mohali

- **Firestore Development:** Designed and implemented scalable backend services using Firestore for real-time database and authentication.
- **Plaid Integration:** Integrated Plaid APIs to enable secure banking data connections and account verification processes.
- **PayPal Integration:** Developed seamless payment workflows by integrating PayPal for transaction processing and subscription management.
- **Agora Integration:** Implemented Agora for real-time voice, video, and live interactive streaming features in applications.
- Maintained app relevance by regular feature updates.
- Developed new features based on feedback from stakeholders, resulting in increased customer satisfaction levels across multiple projects.
- **UI/UX Design:** Designed and optimized user interfaces, ensuring responsive and user-friendly application flows.
- **RESTful API Development:** Designed and maintained RESTful APIs to support efficient client-server communication and robust application functionality.

**React Native Developer** 12/2021 to 05/2022

**Sprinzo Developerz** – Mohali

- Implemented push notifications with Firebase Cloud Messaging for user engagement.
- Managed a real-time Firestore database, ensuring data synchronization and collaboration.
- Chat integrations using firebase real-time data base and firestore.
- Identified and resolved critical bugs across various stages of the development lifecycle, ensuring high-quality deliverable.

**React Native Developer Intern** 02/2021 to 07/2021

**SachTech Solution Pvt. Ltd.** – Mohali, India

- Managed app state with Redux for data consistency and efficiency

- Proficient in issue identification and efficient error handling.
- Demonstrated expertise in Git for efficient collaboration and version control
- Designed responsive user interfaces for optimal user experiences.
- Optimized app performance by minimizing re-renders and using tools like React Profiler.
- Connected frontend applications with RESTful APIs using JavaScript, handling asynchronous data fetching and error management.

## Education

---

**Bachelor of Technology:** Computer Science Engineering

06/2021

**Rayat Bahara University** - Mohali

- 8.63 GPA/CGPA

12th (Non-Medical)

03/2017

**GSSS Rakkar, HP Board of School Education** - Rakkar, Distt- Kangra, Himachal Pradesh, 177043
