AFTAB SHAIKH

OBJECTIVE

Looking For A Challenging Role In A Reputed Organization To Utilize My Technical Skills And Management Skills For The Growth Of The Organization, As Well As To Enhance My Knowledge About New And Emerging Trends In IT Sector...

PROFILE SUMMARY

- Passionate Software Developer with expertise in **React.js, HTML, CSS, and JavaScript**.
- Integrated **RESTful APIs** to enhance app functionality.
- Utilized **React hooks** like **useState**, **useEffect**, and **useContext** for state management and handling side effects.
- Strong understanding of **UI/UX design principles**, including wireframing and prototyping.
- Proficient in **Figma** for designing responsive user interfaces.
- Basic knowledge of **SQL**, including performing queries and data manipulation (SELECT, INSERT, UPDATE, DELETE).
- Familiar with **Postman** for API testing.
- GitHub** used for version control and collaborative development.

WORK EXPERIENCE

React.JS INTERN at Xenosis IT Solutions (Remote)

August 2024 — October 2024

Project Name: Resume Builder Application

Description: A **React.js-based Resume Builder** that enables users to **select, customize, and generate resumes** with dynamic templates, real-time previews, and **PDF export** for a seamless experience.

My Contributions:

- Designed a **responsive UI** for a seamless experience
- Integrated **PDF generation & download** using **jsPDF-react**
- Added **form validation & auto-save** for smooth data entry
- Wrote **clean, modular code** following best practices

Skills : React.js, User Interface Development , Responsive Design

C#.NET INTERN at Emerging Technologies Software & Automation solution (on-Site)

January 2023 — February 2023

Project Name: Book Lending Application

Description: The **Book Lending Application**, built with **C# .NET**, allows users to **buy, browse, and manage books** effortlessly. It provides a seamless experience for viewing, purchasing, and deleting book listings.

My Contributions:

- Developed the user interface** for the application, focusing on usability and visual appeal
- Implemented Features** to ensure a smooth user Experience in navigating

Skills: User Interface Development, C#.Net , Visual Studio IDE

PROJECTS UNDERTAKEN

Project Name: Horizon Events React Application

Description: Horizon Events is a web application for **marriage event planning**, gathering the data of **marriage halls and resorts** from API's with details on **amenities, booking charges, and more** for easy venue selection

Key Features:

- Real Time Data Fetching From API
- Responsive Design
- Search & Filter

Skills: Html, Css, JavaScript, React.js

Project Name: Movie Hub React Application

Description: A **React-based movie browsing app** that integrates a **Movies API** to fetch real-time data, allowing users to **search, filter, and view movie details** seamlessly.

Key Features:

- Live movie data integration via **API**
- Advanced **search & filter** options
- Detailed **movie information** page
- Mobile-friendly & **responsive UI**

Skills: React.js, JavaScript, HTML, CSS, API Integration
