SUMMARY

Ambitious MERN stack developer seeking a dynamic environment to drive technology solutions, foster growth, and continuously learn and adapt to emerging trends in JavaScript and web development.

WORK EXPERIENCE

JSOMA Enterprise Private Limited, Hyderabad   **July 2023 - Present**
   Software Associate (MERN Stack Developer)

- Full Stack Development: Designed, coded, tested, and deployed scalable and efficient full stack solutions using the MERN (MongoDB, Express.js, React.js, Node.js) stack.
- Backend and Frontend Integration: Built and integrated robust backend services with intuitive frontend interfaces to deliver seamless user experiences.
- Team Collaboration: Collaborated closely with product managers, designers, and fellow developers to ensure the delivery of high-quality software products.
- Code Reviews: Conducted thorough code reviews, offering constructive feedback to peers to maintain code quality and adherence to best practices.
- Performance Optimization: Analyzed and optimized system performance, leading to significant reductions in load times and improved user experience.
- Best Practices Implementation: Adopted and advocated for best practices in software development, including agile methodologies, version control, and continuous integration/continuous deployment (CI/CD).
- Technical Issue Resolution: Troubleshot and resolved software defects and other technical issues, ensuring minimal downtime and disruption to services

Ypsilon IT Solution pvt ltd   **Dec 2022 - May 2023**
   Trainee Software Developer (Intern)

- Contributed to the maintenance and improvement of the existing codebase.
- Participated in code reviews and provided constructive feedback.
- Implemented best practices for software development.
- Gained experience in the software development lifecycle (SDLC).

EDUCATION

Bachelor of Computer Application   **Sep 2020 - June 2023**

   Devi Ahilya Vishwavidhyalya , Indore
   CGPA 6.3/10

Higher Secondary Certificate (HSC)   **July 2019 - April 2020**
   Kalidas Vidhya Niketan HS School, Soyat, M.P.
   CGPA 8.3/10

TECHNICAL SKILLS

- **Languages:** JavaScript (MERN: MongoDB, Express.js, React.js, Node.js), Java (J2SE, J2EE)
- **Frameworks:** Express JS, Spring, Spring Boot, Microservices
- **Databases:** MongoDB, Oracle, MySQL
- **Web Technologies:** HTML, CSS, Bootstrap, JavaScript, React.js

---

PROJECTS :

Edu-Tech (An Educational Webapp)   **(Link)**

Technology : JavaScript , Reactjs, MongoDB Atlas , Nodejs , Express js ,

- Developed a comprehensive web application enabling seamless interaction between students and administratorsImplemented features for course updates, fee management, and enrollment.
- Implemented features for managing course phases, content updates, student progress, and feedback.
- Enabled students to attempt test , view and track their progress, get feedback from admin , and read notes provided by admin .
- Managed admin functionalities including student enrollment, content management, and can provide feedback , add Notes .
- Created dynamic dashboards for both students and administrators, enhancing user engagement and experience.

Pharmacy Store Management System   **(Link)**

Technology : Java , JavaScript , React, MySQL , HTML , CSS

- Created a web application for managing pharmacy store details.
- Allowed customers to check medicine availability and place orders.
- Provided functionalities for updating medicine information by pharmacy owners.

Web Scraper   **(Link)**

Technology : JavaScript , Reactjs, MongoDB Atlas , Nodejs , Express js ,

- Developed a comprehensive web scraping application enabling seamless extraction of website data.
- Implemented features for extracting contact information (address, email, phone number), social media profiles (LinkedIn, Instagram, Twitter), website screenshots, and descriptions.
- Enabled users to input URLs and automatically extract relevant data, providing a user-friendly interface for data visualization.
- Managed data storage and retrieval using MongoDB, ensuring efficient and scalable data management.
- Created dynamic dashboards for displaying extracted data, enhancing user engagement and experience.

CERTIFICATES

- C and C++ from Universal Informatics, Indore
- Java Full Stack from Sathya Technologies , Hyderabad
