SUMMARY

Front-End Developer with nearly 2 years of experience specializing in crafting   pixel-perfect, scalable user interfaces using modern technologies such as React JS , React Native and Tailwind CSS. Demonstrated expertise in transforming complex designs into seamless and engaging web and mobile App experiences.

EXPERIENCE

SOFYRUS TECHNOLOGIES

Aligarh, India

Front-End Developer

- Developed responsive and interactive user interfaces using **HTML, CSS, JavaScript, React, React Native and Tailwind CSS**, enhancing website usability and functionality.
- Achieved 99% cross-browser compatibility across projects by leveraging modern CSS frameworks, improving user retention by 15%.
- Implemented **RESTful APIs** integrations, fetching and displaying dynamic data on web pages, resulting in a 25%improvement in user engagement through real-time content updates.
- Led weekly client meetings to provide continuous project updates, address queries, and ensure alignment on progress and deliverables.
- Collaborated with designers and back-end developers to integrate visual and interactive elements into web applications, ensuring cohesive and engaging user experiences.
- Converted Figma designs into responsive and pixel-perfect web interfaces, ensuring accurate implementation of UI/UX elements for seamless user experience in web applications.

SKILLS

- **Core Skills:** HTML, CSS, JavaScript, TypeScript, ReactJS, React Native
- **Frameworks/Libraries:** Tailwind CSS, Material UI, Redux Toolkit
- **Tools:** Git, Postman, Swagger, Jira, Trello
- **Soft Skills:** Collaboration, Agile Methodologies

PROJECTS

Team Sofyrus ⬀
- Built and deployed **teams.sofyrus.com**, a full-stack hiring platform, using React.js and Tailwind CSS, reducing client hiring cycles by 30%.
- Acquired knowledge of Java Script fundamentals to add interactivity and dynamic content to web pages.

Outsource Management System (OMS) Web Application ⬀
- Developed an "OMS" for a Riyadh-based client, enhancing operational efficiency and record management.
- Enabled super admins to manage employee services, including iqama, visa, health insurance, and payroll options.
- Provided a system for employees to request services, streamlining the process and improving accessibility.
- Implemented tracking of employee records, including expiration dates for visas, iqamas, and health insurance.

CareO Caregiver & CareO Patient App ⬀
- Developed and integrated the CareO healthcare platform with two React Native apps: one for caregivers (doctors and nurses) to manage schedules and services, and another for patients to view caregivers and book appointments seamlessly.
- Ensured a responsive, visually engaging, and user-friendly experience, healthcare accessibility and convenience.

React-Based Portfolio ⬀
- Created a responsive portfolio website utilizing HTML5, CSS3, and Tailwind CSS for a modern, polished design.
- Integrated interactive features an d animations with JavaScript and React.js , enhancing user engagement and experience.
