PROFESSIONAL SUMMARY

Results-driven Mobile App Developer with 5.5+ years of expertise in React Native, React.js, and JavaScript. Proven track record of delivering high-performance mobile applications across e-commerce, finance, and healthcare sectors. Experienced in SQL, Java, and Laravel for full-stack development. Adept at optimizing codebase, reducing app response time, and implementing robust software solutions that enhance user experience. Strong leadership experience in guiding development teams and mentoring junior engineers.

TECHNICAL SKILLS

Core Technologies:
React Native, JavaScript, TypeScript, iOS & Android, Native Code Integration, Java

Frontend:
Redux, Hooks, JSX, Context API, Material UI

Backend & Tools:
SQL, Laravel, Git, REST APIs, Firebase, Jira/Confluence, Figma

Testing & Deployment:
Unit Testing, UI Testing, App Store Deployment, Play Store Publishing, Performance Optimization

PROFESSIONAL EXPERIENCE

React Native Developer
Ferns N Petals (FNP) | Feb 2023 - Present

- Led development for FNP's e-commerce gifting platform, implementing critical features
- Engineered push notification system and deeplinks integration resulting in 30% improvement in user retention
- Established code review protocols and CI/CD pipelines, improving team productivity by 25%
- Implemented Firebase Analytics to track user behavior, providing actionable insights
- Utilized SQL for efficient data management and Laravel for backend API integration

Software Developer
Dean Infotech Pvt. Ltd | Nov 2020 - Feb 2023

- Developed multiple applications including VetDrop (healthcare), Jacobo Tax (finance), and Swar (education)
- Optimized codebase leading to 15% reduction in application response time
- Designed and implemented Java-based backend solutions and SQL database schemas
- Implemented robust state management using Redux, improving application stability
- Created Laravel-based admin panels and REST APIs for mobile application integration

Software Engineer
Smarter Homes Technologies Pvt. Ltd | Jul 2019 - Nov 2020

- Led development of Brightline e-ticket booking system from concept to production release
- Developed Java components and implemented SQL database optimization techniques
- Successfully delivered 3 major software projects within strict timelines
- Collaborated with cross-functional teams to troubleshoot and resolve 100+ technical issues

EDUCATION

Bachelor of Technology (B.Tech) in Computer Science
Uttar Pradesh Technical University (UPTU) | 2013-2017 | 72%

Higher Secondary (XII) - PCM
J N V M, Kanpur | 2011-2013 | 87%

NOTABLE PROJECTS

- FNP - E-commerce Gift Platform (React Native, JavaScript, Redux, SQL, Laravel)
- Brightline - E-ticket System (React Native, JavaScript, Redux, Java)
- VetDrop - Medical Guidance Platform (React Native, JavaScript, Redux, SQL)
- Jacobo Tax - Financial Services App (React Native, JavaScript, Redux, Laravel)

LANGUAGES CERTIFICATIONS

- Languages: English (Professional Proficiency), Hindi (Native Proficiency)
- Certification: Android Development - BTPS Kanpur
