PROFILE

Self-motivated software engineer with 2 years of professional experience in developing software solutions and web applications to meet evolving business needs. Passionate about developing applications that provide solutions to complex problems along with excellent user experience.

TECHNICAL SKILLS

- HTML | CSS | Java Script | React JS | NPM | MongoDB | NodeJS | ExpressJS | React Native | RTK | Figma | TypeScript | Cypress | Bootstrap | Git | Jenkins

PROFESSIONAL EXPERIENCE

Front End Developer, Shopse Digital Finance 🔗

06/2023 – present
Bangalore, India

React Experience

- Owned and maintained web checkout repositories.
- Developed the **web version** of the frontend application alongside the existing React Native app, ensuring a seamless experience across platforms and improving performance and user experience
- Integrated **UPI payments** on the front end which improved the ease of payments.
- Developed **payment checkout** for payment partners like Jio Pay.
- Developed user onboarding and **EMI processing journeys** for multiple lending partners like ICICI Bank, DMI Finance, Money View and Fibe
- Built **automation dashboards** to increase operation efficiency.
- Carried out timely **audits of all frontend pages** to maintain integrity and consistency of application.

React Native Experience

- **ShopSe App Enhancements:** Revamped screens, integrated payment gateways, implemented product search, and added deep linking for better navigation.
- **ShopSe Merchant App:** Developed the eligibility screen for user checks and improved the home screen for seamless payment link creation and sharing.
