PROFESSIONAL SUMMARY

Full-Stack Developer with 3 years of experience in designing and building scalable web and mobile applications for industries such as nightlife, health & education, and eCommerce. Proficient in modern web technologies like React, Next.js, and Node.js, with expertise in SQL/NoSQL databases, AWS cloud solutions, and real-time communication systems. Strong problem-solving skills and a commitment to delivering high-quality user experiences.

WORK EXPERIENCE

Software Engineer | March 2023 - Present

Biz4Group LLC

- Worked on an existing, large-scale in-house **eCommerce** platform using **Next.js** and **Express.js** and **React Native** for mobile, where I gained hands-on experience optimizing for performance, scalability, and seamless user experience.
- Developed a **Nightlife App(android and ios)** for event discovery and ticket booking using **React Native** and **Express.js**, integrating real-time updates, ticket purchases, and push notifications.
- Built a **Health Education** and **Health Exam Prep** Web using **Next.js**, **React**, **Express.js**, with interactive quizzes, course content, and progress tracking. Integrated third-party services for payments and content delivery.
- Developed a **chatbot-powered calling app** with voice and video calls, integrating **AI avatars** for real-time interaction, and used **WebSocket** for seamless real-time communication.
- Developed two additional projects using **Laravel** and **ionic** to meet critical business needs as urgent projects.
- Deployed applications on **S3** with static hosting, **CloudFront** redirection, Amplify **CI/CD** pipelines, and scalable backend services on **EC2** instances.

Trainee Software Engineer | April 2022 - February 2023

SoftRaw IT Solutions Pvt Ltd

- Gained hands-on experience building and maintaining an **eCommerce** platform using **HTML**, **CSS**, **Bootstrap**, **JavaScript**, and **TypeScript**, focusing on front-end optimization and responsive design for better UX.
- Collaborated with the development team, learning best practices for front-end deployment, scalability, efficient development, and maintaining code quality throughout the project lifecycle.

SKILLS

- Web Technologies: **Next.js**, **React**, **React Native**, **Typescript**, **Express.js**, **Node.js**
- State Management: **Redux**, **Zustand**
- Databases: **SQL**, **NoSQL**, **TypeORM**
- Real-Time Communication: **WebSocket**
- Cloud: **AWS Associate Level**
- Payment Integration: **Stripe**
- Others: **HTML**, **Tailwind CSS**, **Bootstrap**, **AI Avatars**, **Chatbots**, **OAuth**, **REST APIs**
