Summary — Back-end developer with 2.5+ years of experience building web applications with Node.js. Proficient in RESTful APIs and SQL/NoSQL databases and maintain clean code practices. Strong background in API Integration, Automation, Test-Driven Development, and implementing best code practices.

Technical Skills

Languages	JavaScript (ES6+), Java, Python		Chrome Devtools
Backend	Node.js, Express.js, REST APIs, Microservices	**Additional**	API Integration, 3rd Party Service Integration,
Databases	MongoDB, MySQL, Redis, Query Optimization		Zoho CRM Scripting, RegEx, JSON, Code
DevOps	Docker, AzureDevOps, AWS		Reviews, OOP, worked with services such as
Tools	Git, GitHub, Linux, VS-Code, Postman, Azure,		AiSensy, Apollo, Zapier, Stripe, Mixpanel

Soft Skills

Languages : English (professional working proficiency), Hindi (native)

Additional : Additional: Team Collaboration, Problem-solving, Agile Methodologies, Requirements Gathering, Cross-functional Coordination, Async Communication

Professional Experience

Springworks (SpringRole India Pvt Ltd)   March 2022 – Present
Software Development Engineer 1   *Remote*

Toro Horizon360 (Landscaping BMS)

- Collaborated with a team of **15+ developers** to build and maintain scalable back-end and front-end micro-services
- Worked on various features of the BMS, migrated legacy code to newer and better coding standards and implemented new features from scratch based on client requirements and inputs.
- Achieved **50%+ test coverage** with Mocha minimizing production bugs.
- Monitored, managed and worked on different releases as feature owner and **POC** for QA and Product team
- Ensured that best coding practices were maintained and code was optimized for best performance via PR reviews and peer programming

Zoho CRM

- Worked as the **sole developer** on the team, managed integrations with third-party services and automation workflows
- Learned the platform-specific scripting language**(Deluge)** and implemented various functions and automated multiple tasks with it.
- Set up various **automation and workflows** to ease and automate different aspects of the **sales pipeline**
- Worked and delivered features with a minimal set of tools while **keeping costs to a minimum**

Education

G.L.A. University, Mathura   2019 - 2023
Bachelor of Technology in Computer Science (Honors)   *CPI: 8.33*
Specialization : AI&ML

Sant Atulanand Convent School, Varanasi   2017 - 2018
Intermediate(CBSE)   *Percentage: 82*

St Joseph's Convent School, Varanasi   2015 - 2016
High School(ICSE)   *Percentage: 88*

Certifications

- Artificial Intelligence Foundations - SkillUp 🔗
- Artificial Intelligence & Machine Learning - IBM 🔗
