EDUCATION

R D Engineering College

Master of Computer Applications

Ghaziabad, UP

Aug. 2023 – Present

Institute of Advanced Management & Research

Bachelor of Computer Applications

Ghaziabad, UP

Sept. 2020 – May 2023

EXPERIENCE

Front-End Developer

CSS Founder

Dec. 2023 – Present

Noida

- Redesigned the UI/UX for the CSS Founder's website, resulting in a 20 percent increase in user engagement and 30 percent faster load times.
- Building responsive and interactive web experiences. I focused on creating clean, user-friendly interfaces and bringing designs to life with seamless performance.

PROJECTS

Apiplay | *Next.js, Supabase, Shadcn, Tailwind, Typescript*

- API Play enables seamless API testing with real-time responses and a built-in Fake-browser for easy debugging.
- With 5000 responses per session, API Play ensures high performance across most API categories. such as E-Commerce, Users, Images, Countries, Jobs, Flights, Jokes, Nutrition, Disease.
- Developers get auto-generated code snippets for JavaScript, Typescript, and Python, simplifying API integration.

Notionplay | *Next.js, Typescript, GPT API, Firebase, Liveblocks, Clerk-auth, Resend Email*

- Developed a collaborative web application using Next.js, Typescript, Tailwind CSS, and Firebase to enhance real-time document editing and teamwork.
- Integrated AI-powered features like Chat with Documents and multilingual document translation using the Chat-GPT API, enabling intelligent interaction and accessibility.
- Implemented secure user authentication with Clerk, real-time collaboration with Live-blocks, and scalable backend functionality with Cloudflare Workers and Hono.js.
- Deployed on **Vercel**, ensuring high availability and seamless user experience for **15-18 active users**.
