SUMMARY

Innovative React Native Developer experienced in building scalable and user-centric mobile applications. Proficient in modern JavaScript frameworks, payment gateway integrations, and real-time communication technologies. Proven expertise in improving app performance and delivering engaging mobile solutions.

WORK EXPERIENCE

React Native Developer │ Smart Data Enterprises   Feb 2023 - Present

- Developed and deployed cross-platform mobile apps using React Native for Android and iOS.
- Integrated In-App Purchases (Apple) and Apple Pay for secure transactions.
- Used Socket.io for real-time chat and live updates.
- Worked with payment gateways like Stripe,, and Moyasar.
- Participated in agile sprints, delivering features on time and improving team productivity through effective collaboration and task management.

React Native Developer │ Digital Shakha   Mar 2021 - Dec 2022

- Delivered high-quality mobile applications focused on e-learning and community engagement.
- Collaborated with cross-functional teams to design and implement user-friendly interfaces.
- Improved application stability by resolving 90% of critical bugs before product launches.
- Assisted in integrating third-party APIs, enhancing app functionality and user experience.

SKILLS

Languages : JavaScript (ES6+), TypeScript, Swift

Frameworks : React Native

State Management : Redux, Context API, React Query

Tools : Git, GitLab, Agile methodologies

Other : APIs, Stripe, NFC, Socket.io, Deployment, localization

EDUCATION

Master Of Computer Application   **Batch** 2023
SAGE University, Indore

Bachelor of Computer Applications   **Batch** 2021
P. M. B. Gujarati Science College

PROJECTS

- **Pxlam:**
    - **Sector:** Education
    - **Country:** Canada (Toronto)
    - **Description:** Developed a learning app like Udemy with live classes, teacher chat, and Vedic streaming, tailored for interactive education.
    - **Features:** Chat, live location tracking, video streaming.
    - **Available on**: [Play Store](#) & [App Store](#)

- **Helper:**
    - **Sector:** Service-Based
    - **Country:** Bermuda
    - **Description:** Built a platform similar to OLX, enabling seamless service exchanges with advanced features.
    - **Features:** Live tracking, payment management system.
    - **Available on**: [Play Store](#) & [App Store](#)

- **Pacly:**
    - **Sector:** Health
    - **Country**: Saudi Arabia
    - **Description:** Developed a healthcare platform where patients can book appointments, purchase medicines, and claim insurance.
    - **Features:** Advanced filters (like Amazon and Flipkart), real-time chat, live video calls, Socket integration, and survey forms.
