Summary

MERN & MENN stack developer with a year of dedicated learning and hands-on project experience. Skilled in MongoDB, ExpressJS, ReactJS, NextJS, and NodeJS, with a strong foundation in building responsive web applications. I seek opportunities to apply my skills, grow professionally, and make a meaningful impact in a dynamic team environment.

Work Experience

Internship | SMIT (Saylani Mass IT Training Program)
Duration: 3 Months
Role: MERN Stack Developer Intern

- Developed and deployed full-stack web applications using MongoDB, Express.js, React.js, and Node.js (MERN stack).
- Designed responsive and user-friendly interfaces with React.js, ensuring cross-browser compatibility and mobile-first design.
- Built and optimized RESTful APIs with Node.js and Express.js for efficient backend operations and data management.
- Implemented MongoDB database schemas, ensuring scalability and optimized data storage for applications.

Projects

InsightSphere – A Modern Blogging Platform
- Developed BlogSphere, a full-stack blogging platform using React.js, Node.js, Express, and MongoDB.
- Implemented user authentication, blog creation, editing, and category-based filtering.
- Integrated AI-powered blog description generation using Gemini API.
- Designed a responsive UI with Shadcn & Tailwind CSS for a seamless user experience.
- Deployed on Vercel (Frontend) and Render (Backend) for scalability.

Chat App
- Built a real-time chat application using the MERN stack and Socket.io for seamless one-on-one messaging.
- Implemented secure authentication with JWT (JSON Web Tokens) for login and signup.
- Integrated real-time user status display to show online users for easy communication.
- Developed an efficient search feature to find users by name quickly
- Enabled private, one-on-one messaging for secure and instant conversations.

Skills

Front-End: HTML, CSS, JavaScript, React.js, Next.js, Redux, Shadcn/ui, Tailwind CSS
Back-End: Node.js, Express.js, MongoDB, RESTful APIs, Docker, Redis, Graphql
Tools: Git & GitHub

Education

Degree College | Intermediate | Wazirabad, Pakistan   2018
Completed Intermediate (High School)

Certification

Saylani Mass IT Institute | Karachi, Pakistan   2024
Covered topics include HTML, CSS, JavaScript, React, Node.js, Express, & MongoDB.
