## SUMMARY

Full-Stack Developer specializing in Next.js, MySQL, and Prisma. Experienced in building scalable and efficient web applications, handling both frontend and backend development. Passionate about writing clean, maintainable code and integrating robust database solutions to enhance application performance.

## EDUCATION

| May - 2021 | **Faculty of Engineering , Beni-Suef University.** |
|---|---|
| | Completed a rigorous curriculum in civil engineering. |

## SKILLS & ABILITIES

✓ HTML5 | CSS3 | JS              ✓ React.js | Next.js
✓ TypeScript                     ✓ MongoDB
✓ Tailwind CSS | Git | API Integration   ✓ MySQL | Prisma | SQL

## LANGUAGES

| Arabic | Native |
|---|---|
| English | Proficient |
| Spanish | Intermediate |

## EXPERIENCE

**Sep 2023 – Jan 2025**          **Junior Full-Stack  Developer, Beni-Suef, Egypt**
X-Tech  Company

- **Developed and maintained full-stack applications** using Next.js, MySQL, and Prisma, ensuring seamless user experiences.

- **Designed and optimized** MySQL databases, implementing efficient queries and relationships for data management.

- **Built RESTful API integrations** and handled server-side logic for smooth backend operations.

- **Translated UI/UX design** wireframes into high-quality, reusable code.

- **Built and maintained** dynamic web applications **using React.js, Next.js.**

- **Integrated RESTful APIs** and third-party services to fetch and display data dynamically.

- **Created** reusable and **modular components** to improve code maintainability and scalability.

- **Developed and maintained single-page applications (SPAs)** for seamless user experiences.
- **Used Git for version** control and collaborated with team members through platforms like GitHub or GitLab.
- **Delivered projects on time** and within scope, meeting client expectations.

### PROJECTS :

### Blog Platform (Next.js, MySQL, Prisma)

- Developed a **full-stack blog platform** where users can create, edit, and publish articles.
- Implemented **user authentication and role-based access** (admin, authors, and readers).
- Integrated ImageKit for efficient product image management.

### E-Commerce Platform (Next.js, MySQL, Prisma)

- Developed a full-stack marketplace where users can browse, purchase, and sell products.
- Implemented user authentication and role-based access control.
- Integrated ImageKit for efficient product image management.

## SEMINARS & TRAINING

1- React JS For Beginners **Udemy**

2- React Fundamentals **Udemy**

3- React Clarified: "Thinking in React" **Udemy**

4- React Hooks and Context (with React-Redux migration guide) **Udemy**

5- React - Build your React App fast using React Design System Do **Udemy**
