☎ +91-9329026509 | ✉ Pbatham21@gmail.com | 📍 Gwalior(M.P)

SUMMARY

Software Developer with over 1.8 year of experience in building scalable server-side applications and RESTful APIs and 2 years of experience in web development field. I am Proficient in **Node.js, JavaScript, Adonis js, TypeScript, and MySQL**, with expertise in **API development, database management, and third-party integrations**. Adept at optimizing code, ensuring seamless API communication, and delivering high-performance solutions within agile teams.

EXPERIENCE

Junior Backend Developer

(Ubitech Solutions Pvt. Ltd.)

📅 09/2023 - Present | 📍 Gwalior

- Developed and optimized RESTful APIs to enhance application functionality and ensure seamless frontend-backend communication.
- Integrated payment modules and handled webhook callbacks for real-time updates and transaction validation.
- Built permission-based approval systems for managing access levels across Time-Off, Department, Profile, and Attendance modules.
- Implemented request and approval workflows for various HR modules including leave, attendance regularization, and shift changes.
- Contributed to a comprehensive HRMS system, actively working on both web and mobile applications.
- Developed mobile attendance marking features for the app with real-time syncing and location tracking.
- Wrote clean, efficient, and error-free code, improving system performance and maintainability.
- Performed API testing using Postman and automated scripts, ensuring software reliability and smooth integration.
- Implemented scalable backend solutions, minimizing performance bottlenecks and ensuring high availability.

Software developer intern

(Ubitech Solutions Pvt. Ltd.)

📅 02/2023 - 09/2023 📍 Gwalior

- Developed **Login and Logout web pages** using **HTML, CSS, and JavaScript**, improving user experience and functionality.
- Worked on backend development using **PHP** and database management with **MySQL**.
- Gained hands-on experience in **API development**, enabling smooth communication between frontend and backend systems.
- Developed **mini projects**, including a **To-Do List application**, and contributed to **web panel and dashboard functionalities**.
- Managed **databases using Node.js and SQL**, ensuring efficient data handling and storage solutions.

Education

Bachelor of Engineering (B.E.)

Vikrant Group of Institute Technology and Management

📅 08/2016 - 08/2020 | 📍 Gwalior

TECHNICAL SKILLS

- **Programming & Frameworks:** Node.js, Express.js, Adonis JS, TypeScript, JavaScript, Python
