

RAOUI RAHMENI

Riyadh, Saudi Arabia | +966 546 393 384 | rahmeniraoui@gmail.com

Fullstack JS Developer with 3 years of extensive experience in React.js, Node.js and Nextjs.js with excellent communication skills, thriving in a team environment and committed to continuous learning and improvement

PROFESSIONAL EXPERIENCE

Freelance
2024–current

As a freelancer, I have worked on various projects and achieved significant milestones. I have collaborated with numerous companies and individuals from diverse nationalities.

My portfolio includes **Enterprise Resource Planning (ERP)**, **Customer Relationship Management (CRM)**, **e-commerce websites**, and more.

Throughout my journey, I have worked with multiple programming languages and technologies, constantly learning and expanding my expertise. Some of my key skills include **Next.js**, **React.js**, **Tailwind CSS**, **TypeScript**, **MongoDB**, **Express.js**, **MySQL**, and many other tools within this technological ecosystem.

OTIF & RBK Tunisia
2022–2024

As a Hacker in Residence at ReBootKamp (RBK) in Tunisia in 2021, my responsibilities have been varied and essential. At the same time, I designed an administrative application to manage these projects. In addition to my technical duties, I was responsible for creating and managing educational materials covering various technologies such as **ReactJS** and **NodeJS**, as well as maintaining and updating the site's database and interfaces in accordance with the team's guidelines. My role has been versatile, focused on learning and accompanying students towards the success of their goals.

I developed a complex **CRM application using React.js, Node.js, Bootstrap and Mongoose**, while mastering the use of **third-party APIs**. I also contributed to the creation of a powerful and scalable platform (**otif.mx**) using the same technologies
