About Me

Aspiring Full Stack Developer with a strong foundation in both frontend and backend development, using popular frameworks like React and Node.js. Skilled at building responsive, user-friendly web applications, with a focus on clean code, efficient design, and continuous learning of modern technologies. Quick to adapt and dedicated to delivering seamless user experiences.

PROFESSIONAL EXPERIENCE

Fullstack Web Developer   Dec 2024 – March 2025

- Worked on both frontend and backend using HTML, CSS, JavaScript, React.js, Node.js, Express.js, and MongoDB.

  Contributed to a healthcare management project by developing secure login and registration modules for patients and doctors.

- Built responsive UI components and integrated backend APIs for smooth functionality.
- Implemented features for scheduling and managing appointments with role-based access.
