- E-Mail: namhshivay.ashutosh@gmail.com

Node Js Developer

A skilled Node Js Developer with 2 years of experience in **Node Js, TypeScript, Javascript, Express Js**, and **RESTful API** development. Proven expertise in building scalable applications, optimizing **SQL databases and NoSQL database**, and basic implementing **CI/CD pipelines** using with **Git**.

WORK EXPERIENCE

Codenia Technologies – *Noida, Uttar Pradesh*

[Present]

Node Js Developer

Technology: Node Js, TypeScript, Javascript, Express Js, Web API, Git

- Developed and optimized **Node Js** applications, improving system performance and reliability.
- Implemented **RESTful APIs** using **Node Js** ensuring efficient data exchange and system integration.
- Enhanced backend functionality and optimized database performance, particularly with **SQL**, leading to an 8% improvement in query efficiency.
- Delivered dynamic and responsive web applications using **HTML5, CSS3**, and **JavaScript**, ensuring cross-browser compatibility.
- **Developed dynamic and responsive web interfaces** using **Javascript**, enhancing user experience and ensuring cross-browser compatibility.
- **Integrated Node Js APIs**, enabling seamless communication between frontend and backend systems for efficient data handling.

Opticode Technology Pvt Ltd – Kanpur, *Uttar Pradesh*

[DEC - 2024]

Software Developer

Technology: Node Js, TypeScript, Javascript, Express Js, MVC, Web API, Git

- Design, implement & test web-based enterprise software currently in **Node Js MVC, Entity Framework**.
- Demonstrated ability to develop **RESTful APIs** using **Node Js** .
- Efficiently **Troubleshoot** and resolved application issues, addressing client and QA tickets to ensure smooth functionality, user satisfaction, & timely delivery
- Worked on **Stored procedures** for automated jobs
- Participated in **Scrum** planning in development of the application.
- **Integrated Node Js APIs**, enabling seamless communication between frontend and backend systems for efficient data handling.
- Actively participated in the product release cycle through code contributions and **GitHub** activities.

OrangeSkill Technology
FEB 2023]

[SEP 2022-

Full Stack Developer

Worked as intern in full-stack experienced in designing and building scalable applications from end- to-end. Worked as building web applications and **RESTful APIs** integrations and languages and libraries (e.g. **React, HTML/ CSS, JavaScript, Node Js**). Work with senior-level developers on development projects, throughout the various phases of the project life cycle.

EDUCATION	
Dr APJ Abdul Kalam Technical University Master of Computer Application	[2021 - 2023]

PROFESSIONAL SKILLS

- **Programming Languages:** Node Js, TypeScript, Javascript,
- **Frameworks:** Express Js,
- **Frontend Technologies:** JavaScript, HTML5, CSS3, Bootstrap
- **Databases:** SQL Server
- **Version Control:** Git
- **CI/CD Pipelines :** GitHub
- **Testing:** Pre-User Acceptance Testing (PREUAT), System Integration Testing (SIT)

INTERPERSONAL SKILLS

- Team Collaboration
- Problem-Solving
- Time Management
- Leadership

Personal Projects

- I engage in hands-on practice by developing scalable backend systems using Node.js, Express.js, PostgreSQL, and MongoDB. My projects include GST software, eCommerce platforms, real-time polling systems, and stock market prediction tools. I focus on API development, database optimization, and integrating advanced business logic to deliver efficient and user-centric solutions.

Online Restaurant/Dine Management System

- Created a tool for managing table reservations, integrated with calendar system to streamline booking processes.
- Features such as online ordering, reservation management, and inventory tracking.

Certifications

- Microsoft Azure Fundamentals (AZ-900)
