

# SHUBHAM KUMAR

Full-Stack Web Developer

shubhamkumaar77@gmail.com | +918810498199 | Delhi, India

**GitHub** | **Portfolio** | **Linkedin** | **HackerRank** | **LeetCode**

## EDUCATION

### Masai School

Full Stack Web Development Course

Bengaluru, India

October 2022 - July 2023

### Indira Gandhi National Open University

Bachelor of Arts

Delhi, India

July 2020 - December 2023

### Central Board of Secondary Education

Higher Secondary Education

Delhi, India

April 2019 - March 2020

## EXPERIENCE

**Insors IT Services Private Limited** | **Associate Software Developer** Bengaluru, India | August 2023 - March 2025

- Designed and developed the backend for a School Management System, adhering to best practices.
- Implemented JWT-based authentication for user identity verification and authorization to manage access permissions.
- Integrated a payment gateway and collaborated with the frontend team, leveraging React.js expertise.
- Utilized AWS services including SES for email, S3 for data storage, and EC2 for backend deployment.
- Created comprehensive unit tests for the backend to ensure code quality and authored API documentation using Postman to assist the frontend team.
- Skills Used: Node.js, Express.js, MySQL, React.js, AWS, JWT, CI/CD, Unit testing, Docker, etc.

**Masai School (Nolan Edtech Pvt Ltd)** | **Full-Stack Developer Trainee** Remote | October 2022 - July 2023

- Completed Full-Stack Web Development training at Masai School.
- Built and deployed full-stack applications with authentication, payment integration, and responsive UI.
- Strengthened DSA & problem-solving through coding challenges and mock interviews.
- Worked in Agile teams, collaborating on GitHub and conducting code reviews.
- Skills Used: HTML, CSS, JavaScript, MongoDB, SQL, Node.js, React.js, DSA, System design.

## SKILLS

Programming Languages: Node.js, TypeScript, HTML, CSS, JavaScript  
Libraries/Frameworks: Express.js, JWT, Mongoose, Sequelize, Tailwind CSS, Redux Toolkit  
Tools / Platforms: Git, VS Code, Postman, GitHub, Docker, AWS  
Databases: MySQL, MongoDB, Redis, PostgreSQL

## PROJECTS / OPEN-SOURCE

### TechieShop | [Link](#)

*Node.js, React.js, MongoDB, Express.js, React-Bootstrap, JWT, Docker.*

- Developed a full-featured shopping cart with product reviews, ratings, and search functionality.
- Implemented product pagination and user profiles with order tracking and management.
- Built admin panels for product, user, and order management, including order status tracking.
- Integrated a complete checkout process with PayPal payment options and forgot password functionality.
- Implemented authentication using Access and Refresh Tokens, along with authorization middleware.
- Designed a fully responsive user interface adaptable to all display types.

## CERTIFICATIONS

- Software Engineer Certificate - **HackerRank**
- SQL (Intermediate) Certificate - **HackerRank**
