EDUCATION

Lovely Professional University

MCA

Netaji Shubhash Chandra Bose Degree College

BCA

Phagwara, Punjab

Sept 2021 - Aug 2023

Hamirpur, Himachal Pradesh

Jun 2017 - Apr 2020

TECHNICAL SKILLS

Frontend: JavaScript, TypeScript, HTML, CSS, React.js, Angular, Next.js

Backend: Node, Express.js, Python, PHP, Javascript, Laravel, Fast API

Databases: Mysql, PostgreSQL, MongoDB

Tools: Github, Jira, AWS, Docker

Others: C++, Data Structures, Microservices, Leetcode

WORK EXPERIENCE

Software Engineer

UGRO Capital, Noida

Feb 2023 - Present

• LOS (Loan Origination System):

- * Developed dynamic user interfaces with Angular for loan applicants and internal teams.
- * Built scalable backend services using Node.js integrated with microservices architecture.
- * Managed data across MongoDB (documents) and PostgreSQL (structured user/transactional data).

• Co-Lending Platform:

- * Developed secure and scalable backend APIs using Laravel.
- * Built user-friendly interfaces with React.js, improving stakeholder usability.
- * Designed RESTful APIs for seamless integration between NBFC and co-lending partners.

Software Engineer Intern

eClerx India, Chandigarh

Jun 2022 - Aug 2022

- Gained hands-on experience in building responsive and dynamic web applications using React.
- Developed strong proficiency in HTML and CSS to create clean, accessible, and user-friendly front-end interfaces.
- Focused on crafting seamless user experiences across different devices and screen sizes.

PROJECTS

• E-commerce Web Application ([GitHub Repository](#))

- Built a microservices-based e-commerce platform with services for users, products, and orders.
- Developed a custom gateway for API routing and basic authentication.
- Optimized MongoDB schema for high performance and flexibility.

• Note-Taking App ([Try it!](#))

- Created a clean, responsive note-taking app using Next.js, with full CRUD functionality powered by server-side API routes.

• Solved 320+ Leetcode Problems ([Go to profile!](#))

CERTIFICATIONS

- Full Stack Development Bootcamp, Udemy, 2022
- React Js Training, Simplilearn, 2023
