## SUMMARY

Motivated and detail-oriented Backend Developer with hands-on experience in building RESTful APIs using Node.js, Express.js, and MongoDB. Proven ability to work in Agile environments, follow SDLC best practices, and collaborate with cross-functional teams. Passionate about learning new technologies and building scalable backend solutions.

---

## WORK EXPERIENCE

### Associate Fullstack Developer, Huulke Technologies

Dec 2023 - Present

- **Neo (Real Estate)**
  - Developed and maintained scalable backend services using Node.js & MongoDB.
  - Designed and integrated REST APIs with an Angular frontend.
  - Managed database operations and API testing using Postman.
  - Improved API performance by 30% by optimizing and reducing redundant API calls.
- **Heroots**
  - Built the Heroots project from scratch using Node.js and MongoDB.
  - Developed a complete backend architecture to support scalable and efficient operations.
  - Integrated Stripe payment gateway for secure and seamless payment processing.

### Software Developer Trainee, Huulke Technologies

Apr 2023 - Nov 2023

- Developed backend functionality using Node.js and frontend features using Vue.js for projects like Huulke Support, HBox, and Tiblocco.
- Implemented SMTP email functionality supporting PDF attachments.
- Tested and validated APIs using Postman and Swagger to ensure robust integration and performance.
- Followed best practices in modular backend development.

---

## PERSONAL PROJECTS

### Vote Application

Node.js | Express.js | MongoDB | Postman

Built a voting platform with routes to add candidates, vote, and view results. Implemented proper data validations and tested all endpoints using Postman.

### LeetCode API Integration

JavaScript | REST API

Created a frontend interface to fetch and display LeetCode user stats. Retrieved details such as total problems solved & difficulty-wise stats using public API.

---

## TECHNICAL SKILLS

- **Backend:** Node.js, MongoDB, Express.js
- **Languages:** JavaScript, Java, C
- **Tools:** Git, Github, RESTful APIs, Postman, Swagger, XML
- **Frontend Integration:** Vue.js, Angular.js

---

## EDUCATION

### B.Tech – Computer Science

R.D. Engineering College, AKTU | 2020 – 2024 | 8.48 CGPA
