SUMMARY

Highly accomplished and versatile Software Engineer with 3 years of impactful experience architecting and delivering high-quality solutions. Proven ability to contribute significantly to large-scale projects at Kellton (including Zee5 CMS, K-Ecommerce, SonyLiv, and Pacific Group, leveraging both React.js/Next.js for frontend and Node.js/Express.js for backend development) while also demonstrating strong independent initiative and backend expertise through successful freelance engagements like the MithuPicture web application. Adept at problem-solving, collaborating effectively, and consistently exceeding expectations in dynamic environments, with a strong foundation in modern development practices and a commitment to driving customer satisfaction.
