## WORK EXPERIENCE AND PROJECTS

### Software Engineer at [Appinventiv](#)

Feb 2022 – Present

#### Dev Tinder

[React.js \(Vite\)](#), [AWS](#), [Razorpay](#), [Socket](#), [Twilio Authy](#)

[Website Link](#)

- Built and launched a networking platform for developers to connect, collaborate, help grow their network.
- Developed real-time chat with **Socket.io**, enhancing user retention and cutting unauthorized access by 60%.
- Integrated **Razorpay** for memberships, automated email via **AWS SES**, managed state with **React Hooks**, **Redux**.
- Optimized image uploads via **AWS Pre-Signed URLs**, cutting load times by 35%.
- Deployed frontend with **Nginx** and backend with **PM2** on **AWS EC2** for scalability.

#### Excellence Driving

[Express.js](#), [MongoDB](#), [Redis](#), [Firebase](#), [RabbitMQ](#)

[Website Link](#)

- Developed a driving education platform for Saudi Arabia, enabling users to learn to drive and obtain licenses.
- Designed and managed the backend with **Express.js** and **MongoDB** for performance and scalability.
- Led cross-functional teams using **Agile**, managing **sprint planning**, **standups**, **JIRA tracking**, team mentoring.
- Integrated **Razorpay** for payments, optimized queuing with **RabbitMQ**, **AWS S3**, **SES** for image uploads and emails.
- Optimized performance by 30%, cut memory use by 40% with **Redis key expiration**, **Bucketing** for auto-deletion.

#### Plandid

[NestJS](#), [Stripe](#), [Twilio](#), [SendGrid](#), [Docker](#), [Segment](#)

[Website Link](#)

- Developed a US-based booking platform for photographers and videographers in New York City.
- Leveraged **MongoDB indexing** to improve query performance by 40% and enhance scalability.
- Implemented **real-time scheduling**, notifications (**RabbitMQ**, **Firebase**), and **Stripe** for secure payments.
- Automated authentication, emails, and task management with **Twilio Verify**, **SendGrid**, and **cron jobs**.
- Optimized media storage using **AWS S3** and containerized the backend with **Docker**.

## CERTIFICATIONS

- [CAPM – Project Management Institute](#)
- [Google Project Management – Coursera](#)
- [JIRA and Confluence – Udemy](#)
- [Namaste Node.js](#)
- [Namaste JavaScript](#)
- [UX: Wireframe and Prototype – Udemy](#)

## ACHIEVEMENTS & RECOGNITIONS

- Successfully delivered **2 major projects** with **95% on-time completion**, ensuring high-quality deliverables.
- **Shared insights on LinkedIn**, engaging **3,000+ professionals** in project management and technical topics.

## EDUCATION

### Hindustan College Of Science And Technology

Bachelor of Technology in Computer Science

Aug 2018 – Jul 2022

8.0 CGPA

### St. Patrick's Junior College(ISC Board)

Senior Secondary School

Apr 2016 – Mar 2018

82%
