Career Objective

Enthusiastic Full Stack Developer with **2+ years** of experience in building **scalable and efficient** backend and frontend solutions. Proficient in **TypeScript, Node.js, Redis, Socket.io, MongoDB, RabbitMQ, Webhooks, Git Hooks, and Azure Logging**. Experienced in **tournament management, leaderboard development, and microservices architecture**. Successfully developed **CI/CD pipelines** and optimized **MSSQL procedures and PostgreSQL functions**.

Led the development of the **Oneto11 Gaming** app, implementing **multiplayer games, real-time events, HMAC-based user authentication, tournament creation, auto-scaling on AWS, and Azure log integration**. Additionally, contributed to **chatbot and voice bot** functionalities in multiple applications, enhancing **real-time user interaction and support**. Passionate about delivering **high-performance, real-time applications** with a strong focus on **scalability, security, and seamless user experiences**.

Skills

• Typescript	• JavaScript	• bootstrap	Node.js	• Express.js
• Socket.io	• MongoDB	• html & css	MySQL	• MSSQL
• PostgreSQL	• Redis	• Tailwind.css	RabbitMQ	• Aws (s3, RDM, SQS,
• PM2(Process manager)	• Mongoose	• SQL/NoSQL	Git	
• Auto scaling	• Procedure	• Redux	React.js	
• EJS	• ngrok	• ES6	Bootstrap	
			MariaDB	

Education

Kothiwal Institute of Technology & Professional Studies	2017 - 2021
<i>B.tech in Computer Science</i>	<i>Moradabad, UP</i>
CHK Inter College	2017
<i>Senior Secondary in Science</i>	<i>Moradabad, UP</i>
CHK Inter College	2015
<i>5Higher Secondary in Science</i>	<i>Moradabad, UP</i>

Experience

OneTo11 Full stack developer / Noida, India	1 Sep 2022 to August 2023
<p>Experienced in building scalable and high-performance applications using TypeScript, Node.js, Express.js, Socket.io, Redis, RabbitMQ, and AWS. Contributed to multiple projects, including Oneto11, a gaming application featuring board games like Ludo, Knife Hit, and Snake & Ladder with real-money and coin-based gameplay mechanics. Also worked on Li3B, a field booking application, leveraging React and Node.js to deliver seamless user experiences. Skilled in working with MongoDB, PostgreSQL, MSSQL, and implementing CI/CD pipelines with Bitbucket Pipelines. Passionate about developing interactive applications with optimized performance and real-time functionalities.</p>	
Ens enterprises pvt ltd Full stack developer / Noida, India	5 Sep 2022 to 26 Sep 2023
<ul style="list-style-type: none">Experienced in developing full-stack applications using React.js, Node.js, Express.js, Tailwind CSS, Bootstrap, and API development in Node.js. Worked on multiple projects, including Fursure, a pet services platform, Rajniganda, a brand website, and a sewage seller platform. Skilled in building and integrating RESTful APIs, optimizing performance, and implementing responsive UI designs. Proficient in working with MongoDB, PostgreSQL, and MSSQL, ensuring scalable	

and efficient data management. Adept at deploying applications on **AWS** and maintaining CI/CD pipelines for smooth development workflows. Passionate about crafting user-friendly, high-performance web applications.

Parahittech pvt ltd | Full stack developer / Dehli, India **1 Oct 2024 to Now**

Experienced in developing **real-time applications** and **interactive systems** using **Node.js, Express.js, EJS, MySQL, SQL, and Socket.io**. Worked on multiple projects, including a **chatbot**, a **popup chat system**, and **WebRTC-based calling solutions**. Also contributed to building an **HRMS (Human Resource Management System)** and developing **API documentation** using **Swagger, EJS, and Node.js**. Proficient in designing **scalable** and **efficient backend architectures**, integrating **real-time communication**, and ensuring **seamless user experiences**. Passionate about building high-performance applications with a focus on **real-time interactions** and **API development**.
