PROFILE INFO

As a React Native Developer with 3.5 years of experience, I am proficient in building high-performance, cross-platform mobile applications for both iOS and Android. With a strong foundation in JavaScript, React, and mobile development principles, I specialize in delivering seamless user experiences and intuitive designs. I have hands-on experience in integrating RESTful APIs, optimizing app performance, and implementing robust state management solutions. My expertise includes working in agile environments, collaborating with cross-functional teams, and ensuring the scalability and maintainability of applications. Passionate about continuous learning, I keep myself updated with the latest technologies and tools to enhance my skill set and deliver exceptional mobile apps.
