Professional Summary

Highly motivated and skilled Full Stack Developer with **1+ year of experience** in building scalable, high-performance web applications. Proficient in **Node.js, MySQL, PostgreSQL, Angular,** and **React.js**. Experienced in developing **single-page applications (SPAs), RESTful APIs,** and real-time communication systems using **WebSocket**. Adept at collaborating with cross-functional teams to deliver high-quality software solutions under tight deadlines.

Technical Skills

- **Frontend Development:** Angular, React.js, TypeScript, HTML, CSS, Bootstrap
 - **Backend Development:** Node.js, REST APIs, WebSocket
 - **Programming Languages:** Java, TypeScript, JavaScript
 - **Databases:** MySQL, PostgreSQL
 - **Tools & Platforms:** Git, Postman, VS Code, Spring Tool IDE, Linux
 - **Other Skills:** Agile Methodologies, Debugging, Problem-Solving, Cross-Browser Compatibility
-

Professional Experience

Software Developer 1

Brainbees Solutions Private Limited (FirstCry.com) – Pune, India

January 2024 – Present

- Developed and maintained **frontend components** using **Angular** and **React.js**, ensuring responsive and user-friendly interfaces.
- Built and optimized **backend systems** using **Node.js**, integrating **RESTful APIs** and **WebSocket** for real-time communication.
- Designed and managed **MySQL** and **PostgreSQL databases** to store and retrieve application data efficiently.
- Collaborated with the product team to understand requirements, design solutions, and implement features for both frontend and backend systems.

- Consumed and integrated **REST API calls** to fetch and display dynamic data on the frontend.
- Ensured **cross-browser compatibility** and responsiveness using **HTML, CSS,** and **Bootstrap**.
- Debugged and resolved technical issues, improving application performance and user experience.
- Followed **Agile methodologies** to deliver high-quality software solutions within tight deadlines.
- Attended daily **status calls, work-review meetings,** and **demos** to ensure alignment with project goals and timelines.

Key Projects

1. Intelli-Education App (FirstCry.com)

Duration: January 2024 – September 2024

- Developed an **end-to-end real-time chatting module** for teachers and students using **Node.js, WebSocket,** and **REST APIs**.
- Implemented **push notifications** to send real-time updates and alerts to users, such as announcements, assignment reminders and class schedules.
- Designed and managed **MySQL** and **PostgreSQL databases** to store user data and chat history.
- Integrated **Web View functionality** to display web content within the app (Android and iOS).
- Developed **callback functionality** to handle asynchronous tasks and ensure smooth communication between the app and external services.
- Worked on modules for **homework, classwork,** and **event management,** enabling students and teachers to manage academic activities effectively.
- Ensured **cross-browser compatibility** and responsiveness using **Bootstrap** and **CSS**.

Tools & Technologies: Git, TypeScript, JavaScript, Linux, HTML, CSS, Angular, Node.js

2. OPS App (FirstCry.com)

Duration: April 2024 – January 2025

- Developed a **real-time chatting module** for teachers and students using **Node.js, WebSocket,** and **REST APIs**.
- Implemented features for scheduling **online classes** and creating **events** for specific days.

- Integrated **Web View functionality** and **REST APIs** to display web content within the app (Android and iOS).
- Developed **callback functionality** to handle asynchronous tasks and ensure smooth communication between the app and external services.

Tools & Technologies: Git, TypeScript, JavaScript, Linux, HTML, CSS, Angular, Node.js

Educational Qualifications

Bachelor of Technology

Dr. Babasaheb Ambedkar Technological University

Year of Passing: 2022

Post Graduate Diploma in Advanced Computing (PG-DAC)

CDAC, Pune

Year of Passing: 2023
