## EXPERIENCE

CAPPITALL WANT NETWORK PVT LTD

06/2021 - 05/2024

Software Engineer

## Projects

### CWS PLATFORM

CWS(CWS PLATFORM) is Product that enhances viewers to discovery the content with relevant and personalized experiences. It provides Tax tools and actionable data insights to cultivate engagement and drive data.

- E-INVOICE - Services ,E-Invoice Reconciliation,E-Invoice Repository,Master Upload, Tax Invoice,Line Item Tax Invoice.
- E-Invoice DashBoard,Graph-Data,Data Table in Mui Grid,DATA Upload , Credit Note ,Debit Note, Excel Upload,Export Excel,I was working on the Services Part like E-Invoice ,GSTR1 Reconciliation,GSTR2 Reconciliation ,Prevalidation data Form Table.
- HSN Summary Report Form,HSN table Data,HSN DashBoard.Upload HSN Excel ,Download Excel Upload,Data Show in Graph.
- Aggrement Terms and Conditon to get the Services Above like GSTR1,GSTR 2.
- Debugged and resolved application issues to improve user experience.
- Implemented Multi-Lingual Support of Apps
- Tools G Tech :- React JS, Redux, Micro Front End, Graph QL, Material UI, JavaScript, TypeScript,JEST.**

### MEDIA ZONE PLATFORM:

Media Zone is Made for the Movies Accounting ApplicationThis application called Mediazone is used to track budget vs expenses that occur in the film making industry of a production house.

- There are four user roles in this application.1., Producer 2., Production Manager, 3. Senior accountant ,4. Accountants.
- Overall flow On how the application works is once the producers and production house comes with a plan of a movie making .The budget will be projected and the cast and crew members for the movie will be planned.
- Our support team will now create the production house and create user roles such as accountant, production manager and producer and senior accountantDeveloped and maintained a consistent visual language across all digital touchpoints, aligning with brand guidelines and ensuring a cohesive user experience.
- Now the senior accountant will add the movie or project and add the budget and also add the timelines of start and completion of project with estimation and also actuals. Based on every stage of the movie the schedules are created and a daily budget is added by the senior accountant
- Debugged and resolved application issues to improve user experience.
- Tools G Tech :- Angular TS, PrimeNG, TypeScript.**

## EDUCATION

Bachelor of Computer Application

2020

Banglore City College,

Banglore, KA

## STRENGTHS

### Skilled Developer

A skilled frontend developer with expertise in React, TypeScript, and JavaScript.

### Problem Solver

Demonstrated ability to debug and resolve application issues to improve user experience.

### Adaptive Learner

Quick learner who adapts to new technologies and implements best practices for optimal performance.

## SKILLS

React JS · TypeScript · JavaScript ·

REST API · Python · HTML/CSS ·

Graph QL · Figma · Firebase · Redux ·

Bootstrap/Material UI/Chakra UI / Ant D ·

JIRA · Git/Git Hub · JEST/RTL · Agile ·

Node JS · Mongo DB · Python · JSON ·

YAML · ES6 · Context API,Angular TS
