Professional Summary

Dedicated Software Engineer with 2.5+ years of experience, specializing in the MERN stack and JavaScript. Proven ability to thrive in agile and remote work environments, with a strong focus on building scalable web applications. Passionate about continuous learning, clean code, and delivering impactful software solutions.

Skills

Languages: JavaScript (ES6+), TypeScript
Frontend Technologies: React.js, Redux, Vue.js, HTML5, CSS3, Bootstrap, Tailwind CSS
Backend & Databases: Node.js, Express.js, RESTful APIs, MongoDB
Authentication & Cloud Services: Firebase Auth, Google OAuth, GCP, AWS (EC2, S3)
DevOps & Tools: Git, GitHub, GitHub Actions, Apache/Nginx, Ubuntu Server, Postman
AI Integrations: OpenAI API (chat/completion), Generative AI, Pinecone

Work Experience

MERN Stack Developer   *Mohali, Punjab, India*
Ideio Soft Pvt Ltd   *June 2024 - April 2025*

- Participated in Agile development processes, contributing to sprint planning, stand-ups, and retrospectives, ensuring timely delivery of features.
- Conducted peer reviews of code, providing feedback on low to moderate complexity implementations, which improved code quality and team efficiency.
- Wrote clear and efficient code following established best practices, which reduced errors and improved maintainability.
- Communicated project timelines, scope, and technical considerations to internal stakeholders, which facilitated better project alignment and stakeholder satisfaction.
- Managed version control with Git, facilitating team collaboration and code version tracking.

Frontend Developer   *Ludhiana, Punjab, India*
QuadB Technologies   *Sept 2022 - May 2024*

- Developed user-friendly website interfaces using HTML, CSS, and JavaScript for enhanced user experience.
- Developed and maintained React web applications, including components, state management, and UI integration.
- Collaborated with backend teams to integrate APIs and server-side functionalities using Node.js.
- Ensured cross-browser compatibility and optimized web application performance.
- Gained experience in full-stack development, including basic server management and API integration.
- Used Git for version control to collaborate with the team, maintain code integrity, and track changes.

Education

Master of Computer Applications (MCA) (Distance)   *July 2023 – Expected in*
Chandigarh University Mohali, PB, India   *June 2025*
Bachelor of Computer Applications (BCA) (Regular) (CGPA - 7.7)   *May 2019 – June 2022*
Gujranwala Guru Nanak Khalsa College Ludhiana, PB

Certifications

The Frontend Developer Career Path (Scrimba) ↗
MongoDB Node.js Developer Path (MongoDB) ↗
