SURAJ GUPTA

FULL STACK DEVELOPER

Certified Software Engineer specializing in developing dynamic and scalable web applications for the educational sector. Proficient in modern technologies including **React.js**, **Angular.js**, **.NET**, **Node.js**, **MongoDB**, and **Express.js**. Expertise in troubleshooting, debugging, and delivering seamless cross-functional collaboration to build innovative, user-centric solutions. Passionate about continuous learning and leveraging technology to drive impactful user experiences.

EXPERIENCE

CONTENT ENGINEER GLOBALLOGIC (HITACHI)
JULY 2024 - SEPT 2024

We are working on a project which was based on Generative AI. There was a prompt and two correct answers for it. Based on the training we have done. We need to select the best answer out of these two.

FRONTEND DEVELOPER VISTAMONEY.COM
NOV 2024 - NOV 2024

I was aligned with a project based on PHP language. There was an update given by the client and I was working on updating the site as per the client requirements and needs.
