📍 Gurugram, Haryana

## SUMMARY

---

**Full-Stack Developer** with **2 years** of experience specializing in building **scalable web applications** and **backend services** using **Node.js**, **React.js**, and **MongoDB**. Adept at designing **customer-facing UIs**, developing **high-performance APIs**, and implementing **secure, cloud-native solutions** on **AWS**. Proven track record of working with **large-scale applications**, optimizing **backend performance**, and leading **full-cycle development** within **Agile teams**. Strong in **data structures**, **algorithms**, and **system design**, with a focus on writing **clean, efficient, and testable code**.

## TECHNICAL SKILLS

---

- **Frontend Development:** JavaScript (ES6+), React.js, Angular, Vue.js (basic), TypeScript, HTML5, CSS3, SCSS, Bootstrap, Responsive UI Design, SPAs, RxJS
- **Backend Development:** Node.js, Express.js, RESTful APIs, JWT Authentication, Microservices, API Security & Optimization
- **Databases:** MongoDB, PostgreSQL, Mongoose, Redis/NodeCache, Elasticsearch (basic), Scalable Data Modeling, Caching Strategies
- **Cloud & DevOps:** AWS (EC2, S3, ECR, EKS), Docker, Git, GitHub, Bitbucket, CI/CD Pipelines (Bitbucket Pipelines, Terraform, Helm charts, ArgoCD)
- **Other:** Data Structures & Algorithms, OOP, Design Patterns, Agile/Scrum Methodologies, Performance Tuning

## WORK EXPERIENCE

---

### Digivive Services Pvt Ltd (Gurugram)

December 2023 - Present

Software Developer

- Built and maintained **scalable Angular applications** with a focus on **responsive** and **performant UI/UX** in collaboration with **design teams**.
- Optimized **frontend applications**, leading to a **20% boost in performance** and **user engagement**.
- Collaborated with **backend developers** to integrate **RESTful APIs** and improve **service reliability** and **scalability**.
- Enhanced **secure payment workflows** by integrating **Razorpay Custom Checkout SDK**.
- Set up and maintained **CI/CD pipelines** using **Bitbucket Pipelines**, **Terraform**, **Helm charts**, and **ArgoCD**, improving **release efficiency by 40%**.
- Participated in **code reviews**, **troubleshooting**, and ensured **99.9% uptime** of critical applications.

### Chamak Saathi

January 2023 - December 2023

Full-Stack Developer

- Delivered a complete **MERN stack** web application, increasing user engagement by 25% post-launch.
- Created 25+ **RESTful APIs** with **Node.js** and **Express.js**, supporting seamless platform functionality.
- Designed efficient **Mongoose schemas** and optimized data queries with **MongoDB** and caching mechanisms.
- Integrated **PhonePe** payment gateway and implemented **JWT-based authentication** for secure operations.
- Enhanced backend performance by 40% using **NodeCache** and optimized API response times.

## EDUCATION

---

### B.Tech (Computer Science Engineering)

2019 - 2023

DPG Institute of Technology and Management, Gurugram
