- ❖ **Frontend Development:** React.js, Next.js, HTML5, CSS3, SASS
- ❖ **CSS Frameworks & Libraries:** Bootstrap, Tailwind CSS
- ❖ **Backend Development:** Node.js, Express.js
- ❖ **Database Management:** MongoDB, MySQL (Basic)
- ❖ **State Management:** React Redux
- ❖ **Web Sockets:** Socket.io

**Soft Skills:** Postman, GIT, AWS-EC2(Basic), Visual Studio, Netlify, Vercel.

## EXPERIENCE

---

**Mern Stack Developer**  
Codeaegis Pvt Ltd.

2, Feb 2022 – 29 April, 2025  
Noida, UP

## PROJECT

---

### HEWE.CLUB

A blockchain-based reward-driven gaming platform where players earn Hewe Coins as in-game rewards.

### **Key Responsibilities:**

- Developed and maintained the backend using **Node.js** and **Express.js**.
- Created a dynamic admin panel with **React.js**.
- Implemented real-time features using **Socket.io**.
- Enhanced the UI/UX with **SASS, CSS, and Bootstrap-5**.
- Managed data efficiently with **MongoDB**.

### **HEWE.IO**

A blockchain-based platform for buying, swapping, and selling Hewe Coins with an engaging and user-friendly interface. The website offers users the ability to manage their Hewe Coins seamlessly while providing an attractive and intuitive experience.

### **Key Responsibilities:**

- Developed the frontend with **React.js** and **Redux** for state management.
- Built the backend using **Node.js** and **Express**.
- Integrated **Web3** for blockchain functionality and interactions.
- Styled the website using **SASS, CSS, and Bootstrap-5** for a modern, responsive design.
- Utilized **MongoDB** for efficient data storage.

### **Menzill.com**

Menzill is a web-based platform that allows users to search and explore a variety of properties available for buying, selling, and leasing. The platform provides an intuitive and seamless experience for users in the real estate market.

### **Key Responsibilities:**

- Developed and managed the backend using **Node.js** and **Express.js**.
- Built the frontend with **React.js, Redux, and SASS** for dynamic and responsive design.
- Styled the website using **styled-components, Material Ui, and Bootstrap-5** for a polished look.
- Managed data and transactions efficiently with **MongoDB**.
- Designed and implemented the **admin panel** to manage property listings, users, and transactions.
- Collaborated with the **iOS and Android** teams to ensure seamless integration across platforms.

### **SEVEN AIR AVIATION**

Seven Air Aviation is a platform dedicated to buying, selling, and planning trips with jets. The website offers users an intuitive interface to explore jet options, manage purchases, and even plan their flights.

### **Key Responsibilities:**

- Developed the frontend with **React.js** and **Redux** for efficient state management and a dynamic user experience.
- Styled the website using **SASS, CSS, and Bootstrap-5** for a visually appealing and responsive design.
- Designed and implemented backend services using **Node.js** and **Express.js**.

- Utilized **MongoDB** to manage data efficiently, ensuring smooth transactions and information storage.

## **AKUPARA ADVENTURES**

It is Static website

Technology use:HTML5,CSS3,JS

## **CODEAEGIS OFFICIAL WEBSITE**

The official website of **Codeaegis**, designed and developed to represent the company's online presence. The website serves as a platform to showcase services, provide company information, and offer a user-friendly interface.

### **Key Responsibilities:**

- Managed the entire development and maintenance of the website.
- Developed the website using the PHP Laravel framework, ensuring a robust and scalable backend.
- Designed and implemented the frontend using HTML5, CSS3, SCSS, JavaScript, and jQuery.
- Utilized Bootstrap-5 for a responsive and modern design.
- Managed the database and backend logic using MySQL.

## **PERSONAL PROJECT**

---

### **Weather App and Website**

Geo-weather App is made on react native and website made on Next.js

### **Simplify Wellness**

It is animated website.

**Skills used:** React.js, SASS, Redux, Formik etc.

## **LANGUAGES**

---

- ENGLISH
- HINDI

## **AWARDS**

---

- The Bright Beginner in 2022.
- hewe.io project in 2024.
