SUMMARY:
Full Stack **MERN Developer** with **3 years** of experience building **scalable** and **responsive web apps** using **React.js, Next.js, Node.js,** and **MongoDB**. Strong in creating clean UI, integrating REST APIs, and delivering **end-to-end features** with focus on **performance** and **code quality**.

TECHNICAL SKILLS:
- **Frontend -** JavaScript, React.js, Next.js (App Router), Redux (Thunk), Material-UI, TailwindCSS, SCSS
- **Backend -** Node.js, Express.js, REST APIs
- **Database -** MongoDB, SQL Server
- **Tools -** Git, Postman, VS Code

EXPERIENCE:

Software Developer - ZingHR, Mumbai | July 2023 - Present
- **Optimized** HRMS UI performance, reducing page load time by **30%** using Next.js caching and lazy loading.
- Integrated complex **Redux state management**, reducing API calls by **40%** and improving response time.
- Collaborated with backend teams to integrate RESTful APIs and ensure seamless user experiences.
- **Refactored** MUI-based UI components, reducing code redundancy by **20%** and enhancing maintainability.
- Participated in code reviews, contributed to team meetings, and worked closely with stakeholders to gather requirements and deliver high-quality software solutions.

Web Development Trainee - Almabetter, Bangalore (Remote) | September 2022 to June 2023
- Built and deployed **end-to-end features** using the **MERN stack** (**MongoDB, Express.js, React.js, Node.js**).
- Designed **REST APIs**, created **MongoDB schemas**, and implemented **secure authentication** using **JWT**.
- Developed responsive UI with **React.js** and handled complex state using **Redux**.
- Collaborated in an **agile environment**, participating in daily stand-ups, sprint planning, and **code reviews**.
- Ranked in the **top 5%** of a 125+ developer cohort for consistent delivery and strong problem-solving.

PROJECTS:

BeTrueGamers
- **Tech Stack**: **Next.js 14 (App Router)**, **RTK Query**, **Node.js**, **Express.js**, **MongoDB**, **MUI**, **Socket.io**, **WebRTC**
- A full-stack **social gaming platform** where players connect with coaches for **live coaching**, **chat**, and **screen sharing**.
- Integrated **user & coach authentication** using **JWT**, **Google OAuth**, and **OTP-based email verification**.
- Built **real-time chat system** with **Socket.io** and added **friend request features**.
- Developed **live screen sharing** using **WebRTC**, enabling 1-on-1 interactive coaching.
- Used **RTK Query** for **API integration**, **caching**, **error handling**, and **state management** across the app.
- Designed **responsive and modular frontend** with **Next.js App Router** and **MUI components**.

Reserve Bus - [link](#)
- **Tech Stack**: React js, Node js, Express, MongoDB | [Github](#)
- Develop a platform for users to search and book bus tickets easily.
- Advanced Search and Filtering Options for Efficient Event Discovery.
- Booking History and Ticket Management for Users to Track and Manage their Tickets.

EDUCATION:
Dr. B. R. Ambedkar University, AGRA | Bachelor of Science | June 2019 - July 2022
