Experience

Sopra Steria || Software Engineer (3.4Years)

SEP2021-Till now

- I have worked in **Sopra Steria** as a **Software Engineer** for *3.2 Years as a cloud specialist*.
- Here I was allocated to **Axway** project and in this project I was a part of the **Manage Services Team**.
- Here I worked in B2b project to translate one language to another such as xml, edifact, idoc.

- I also worked as fullstack developer for HRMS portal for 1.6 years.

Codec Network pvt.ltd || Software Intern (6 months)

Jan 2021-June 2021

- Here I was taught **python** and **fimilar with pycharm**.
- And then later I was **assigned small tasks** on these technologies (Hospital Management Web page as a Backend system) from which I learned something new by completing with the help of developers.
- Here I also got a chance to know how **C** and **C++** languages are used practically in developing gaming apps.

Projects

I also worked as a Freelancer : As a Freelancer I worked on Frontend to develop a basic structure of a shopping application for a client in which in worked on HTML, CSS as well as in Scripting language (Javascripting).

Extracurricular and Achievements

- Solved **281 DSA Questions** on various coding platforms including **LeetCode** and **CodeStudio**.
- Maintained a **good academic** score from 2008 to 2021.
- **Roles acquired during the college:-**
Cultural Secretary, Class Representative, General Secretary, Mess Secretary.
