

Shishant Shrivastava

NodeJS Developer

✉ shishant.tdl@gmail.com ☎ 6376111265 📍 Bangalore, India 🔗 shishant-shrivastava-03464b1a0

Profile

- 2+ years of experience as a Product Developer with specialization in the NodeJS Backend Development using NodeJS technology, ExpressJS, Loopback, Microservice, Kafka and database such as PostgreSQL, MongoDB and MySQL.
- I have also worked on UI design and designing web applications using HTML, CSS, JavaScript and tools like Wix.
- I am seeking an opportunity in a company where I can learn more skills and use my experience and education to help the company meet and surpass its goals.

Professional Experience

EdgeVerve Systems Limited (An Infosys Subsidiary)

03/2022 – 08/2024

NodeJS Developer(Product Developer)

Bangalore, India

- Developed and maintained backend services using Node.js, Express.js, and PostgreSQL, resulting in a 30% increase in application performance. And also maintained another backend services using Python.
- Designed and implemented RESTful APIs and used Loopback and OeCloud for seamless integration with front-end applications, contributing to improved user experience.
- Collaborated with cross-functional teams to analyze requirements, identify technical solutions, and deliver high-quality software products within project timelines.
- Conducted code reviews and implemented code refactoring to optimize performance, scalability, and maintainability of applications.
- Created reports for balance sheet analysis, supporting daily, monthly, and yearly decisions.

Skills

Major Skills — NodeJS, Python, RestAPI, JavaScript, Kafka, Loopback, OeCloud

Databases — SQL, PostgreSQL, MongoDB and MySQL

Tools — Git, Postman, SonarQube, JMeter

Other Skills — HTML, CSS, Wix, Microservice, Unit Testing

Strength

Project Managemnet

Creative

Strong Decision Maker

Work Under Pressure
