## Summery

---

With nearly 2 years of software development experience, I specialize in back-end systems using Node.js. My expertise spans frameworks such as LoopBack 4 (LB4, NestJS, and Express.js, where I design and implement scalable APIs and back-end architectures. I excel in integrating third-party services, managing databases, and optimizing performance. Working in agile environments.

## Experience

---

**Backend Engineer**, The Return Journey – Pune , India Jan 2024 – Present

- Predefined Itineraries Created using LoopBack 4 (LB4 to allow users to select from curated travel packages, enhancing user engagement and streamlining booking processes
- Hotel Booking System Implemented in NestJS, integrating real-time availability checks and secure payment processing for seamless reservations.
- Optimized application performance and user experience, contributing to product enhancements and customer satisfaction.

**Software Engineer**, Tekniko Global – Noida, India June 2023 – Dec 2023

- Developed a Service Marketplace Platform using Express.js that connects service providers with customers, similar to Urban Company.
- Designed and implemented backend services to support user authentication, service listings, and booking management.
- Integrated payment gateways for secure transactions and implemented notification systems to keep users informed about booking statuses.

## Technologies

---

**Languages:** JavaScript, TypeScript

**Frameworks:** Node Js, express.Js, Loopback4, Nest Js

**Database:** MongoDB, Postgrace Db

## Education

---

G.L. Bajaj Institute of Technology and Management , B.Tech in ELECTRICAL AND ELECTRONICS ENGINEERING Aug 2019 – May 2023

- GPA: 7.5/10

Intermediate from N.L.K.V.M. Inter College Aug 2017 – May 2018

- GPA: 8.7/10

High School from N.L.K.V.M. Inter College Aug 2015 – May 2016

- GPA: 8.4/10

## ACHIEVEMENTS

---

**Startup Founder & Orientation Elevated**

- Elevated status by being chosen for the Startup Founder & Orientation in NISP by GLBITM.

Solved **130+ problems** on LeetCode

Earned **1 Star in SQL** on HackerRank, showcasing foundational proficiency in SQL queries and database operations.
